Thanks, apologies I missed the draft. Looks good with [Redacted] amendment.

They want us to commit to a “nature positive” strategy that would include mitigation expenditure. Do we have advice on this? Are we comfortable using the nature positive language in this context? I think this is the difference between a negative/positive response from eNGOs

Many thanks [Redacted]. Draft email is further down this email chain (draft text is in my email of 14 Jan at 16:25.)

If you receive this email late at night, early in the morning, or at the weekend - it means I am working flexibly. Flexibility works for me, but please do not feel that you should have to pick this up outside of your own normal working hours.

Thanks [Redacted]

I don't think both Ministers are needed for the meeting. Agree 45 mins is ample. Could I see the draft email?

Thanks
