**1 INTRODUCTION**

1.1 This report results from a Stage 1 & 2 Road Safety Audit carried out in accordance with GG 119 Road Safety Audit on the following scheme:

A9 A924 PITLOCHRY SOUTH, VRS

at the request of redacted 11(2) who approved and issued a road safety audit brief as representative of the Overseeing Organisation, Transport Scotland.

1.2 The audit comprised of site visits and an examination of the documents provided by the Overseeing Organisation and listed in Appendix A.

1.3 The Audit Team membership approved by Transport Scotland (the Overseeing Organisation) for this audit was as follows:

Name redacted 11(2) Organisation BEAR Scotland  
 (Audit Team Leader and author of The Road Safety Audit Report)

Certificate of Competency  (tick if applicable)

Name redacted 11(2) Organisation BEAR Scotland  
 (Audit Team Member)

Certificate of Competency  (tick if applicable)

1.4 The audit took place at the Perth offices of BEAR Scotland Ltd during Thursday 1<sup>st</sup> December 2022 and the site was visited on the same day. Conditions were as detailed in Table 1 below.

Day	Date	Times	Light	Weather	Surface
Thursday	1/12/22	0930 - 1000	Daylight	Overcast	Damp
Traffic			NMU		
Moderate			Pedestrians/Pedal cycles/equestrians were not present during the visit and there are no NMU facilities within the site.		

**Table 1: Site Conditions at Time of Visit**

1.5 The team has examined and reported only on the road safety implications

of the scheme as presented and has not examined or verified the compliance of the design to any other criteria.

**Strategic Decisions**

- 1.6 No Strategic decisions relating to the scheme were presented in the audit brief at this stage of the Road Safety Audit process.

**Response Report**

- 1.7 A copy of the signed RSA Response Report, containing the Road Safety Audit Decision Log, indicating the acceptance or otherwise of any problem and / or recommendation and agreed RSA actions, should be issued to the RSA team, by the Overseeing Organisation within 30 days of receipt of the audit report.

**Purpose of the Scheme**

- 1.8 The package of works will improve roadside safety by upgrading two VRS terminals and adjoining sections of barrier, to current standards. Motorcycle Rider Post Protection (Bikeguard) will also be installed on a length of VRS that sits on the offside slip road verge.
