Dear Minister,

Thank you for your letter of 12<sup>th</sup> March, which raises issues I can assure you Kingspan is treating with the utmost seriousness.

On Tuesday 16<sup>th</sup> March I wrote to Stephen Garvin at Scottish Building Standards (SBS) seeking to meet at the earliest opportunity to discuss the matters raised. We have been anxious to meet with SBS for some time: originally a meeting was scheduled for 18<sup>th</sup> December 2020, and then rescheduled for 5<sup>th</sup> March, but cancelled at SBS's request.

Kingspan has full confidence in the safety of K15 when used in a compliant system that has successfully been tested to the BS 8414 standard. We look forward to providing reassurance in this regard, and on the specific questions you raise in this meeting with SBS.

Yours sincerely
