SASA colleagues,

Not sure who is best placed to pick this up...

If a summit were to take place then demand reduction should be high on the agenda, though AIC may have a conflict of interest on that point.

Dear Cabinet Secretary,

Please find attached a letter from the Agricultural Industries Confederation highlighting ongoing industry concerns around the availability of fertilisers and consequent impacts on continuity of agricultural production. We, along with other stakeholders, would welcome the opportunity to discuss our concerns with yourself and officials.

Kind Regards.
