

Hi [REDACTED],

Only the 290 jobs number is in the public domain and can be referred to.

The other numbers are correct, but cannot be specifically mentioned in any speech. General reference to big boost in exports, major benefits to the Scottish supply chain can be mentioned.

I spoke with [REDACTED] on Friday, he is looking to see if they can avoid the testing requirements.

[REDACTED] is planning to discuss testing and the Marquee with the team visiting today.

Morning [REDACTED], hope you had a good weekend.

Thanks for sending over [REDACTED] bio. I've not heard from FM's events team yet so at this point not sure if they've spoken to [REDACTED] on the logistics. Are you able to share any of the figures officially you mentioned last week (290 jobs [REDACTED] PA to supply chain, [REDACTED] exports) and what if any can we include in her short speech.

On logistics, do you know if the on-site covid testing is still a requirement and what the plan is for a marquee – and likely audience numbers/make up?

If I hear from her team today will let you know.

Hi [REDACTED]

This is the bio shared with SG before last year's FM meeting: In August 2021, Greig Rooney joined Valneva as Vice President Operations. He has over 20 years of experience in the pharmaceutical industry leading change and improvements across site operations, engineering, PMO, supply chain, and logistics. He previously ran the GSK Montrose site and recently relocated back to Scotland with his family.

I'll need to look into a photo.

Thanks
