Thanks so much for this speedy turnaround William; very much appreciated.

Kind regards,

Subject: Dr Muftah El Jamel

Afternoon [Redacted],

Dr El Jamel's registration file has been retrieved and the following appears to be his registration history;

- He held a clinical attachment post in Richmond hospital from 7<sup>th</sup> September to 6<sup>th</sup> April 1986 . It seems that this was part of his training, and he didn't need registration for his post;
- His first period of registration with the Council was for temporary registration for a post in St Vincent's hospital from August to November 1986
- He was in the UK ( according to his CV at the time) between 1987 and 1991;
- He then held temporary registration with the Council between 1991 and 1995 for posts in neurosurgery in Beaumont hospital.

I hope that's of some assistance.

Many thanks W

William Kennedy,  
Director of Fitness to Practice and legislative affairs
