---

Cheers [Redacted],  
[Redacted]

No – no issues. There’s nothing different to use in terms of guidance so it’s a fact I guess? You might also want to run it past PARD though – what’s their view on the stance re the review?

Thanks [Reda . I've taken a look and made no comments, ] [Redacted]

I'm sure [Reda will want a quick look, but then it can go up to Ragne.

Thanks!

**Subject:** PQ - S6W-16100 - Deadline Date 6th April

Hello

I would appreciate it if you could take a look at the below PQ and let me know if this is for your area.

**S6W-16100 Alexander Burnett:** To ask the Scottish Government, further to the answer to question S6W-15610 by Michael Matheson on 14 March 2023, when it expects that new guidance on noise limits and amplitude modulation will be produced, following the review of ETSU-R-97, and whether it will impose a moratorium on the approval of all onshore windfarm proposals until such new guidance is produced.

**Previous Question Referred to:**

To ask the Scottish Government whether it will update its guidance on noise limits and amplitude modulation, as recommended in the WSP publication, A **[Redacted]**  
[S6W-15610](#) Review of Noise Guidance for Onshore Wind Turbines: Project Report, Alexande Burnett 03/03/2023  
published in October 2022 on behalf of the UK Government Department for Business, Energy and Industrial Strategy.

**PQ deadline is – 06/04/2023**

If not your area, grateful if you could let me know why and point me in the right direction of who you think may be able to lead.

Thank you in advance  
[Redacted]

[Redacted] FMQ and PQ Support Officer Scottish  
Government, Room 1N.04. St Andrews House, Regent Road,  
Edinburgh EH1 3DG.
