Subject: Inactivation of Sconser

Hi <REDACTED>,

The <REDACTED> has just passed on your application to inactivate Sconser (FS0602) to me. The site was last inspected by <REDACTED> in May last year so will require a fallow inspection before it can be inactivated. I will add a note to the schedule to reflect this and the next time an inspector is passing they can arrange this to be done.

Cheers,
<REDACTED>

<REDACTED>
