Hi all,

[Redacted – regulation 11(2) - personal info] and I just discussed this and I've outlined the plan below:

Biodiversity are going to lead on the briefing and speech with Wildlife adding anything on grouse if necessary. We've got a meeting scheduled with [Redacted – regulation 11(2) - personal info] tomorrow at 3.30pm where we'll discuss content of the speech and if Ms Slater wants to mention grouse moors (using government lines) then we'll potentially need to let Ms Martin know. Wildlife can pick this up.

[Redacted – regulation 11(2) - personal info] please can we discuss the below point on meetings for the Minister as this will determine how long the Minister will need to be there and therefore official support. Once we've clarified that then we'll confirm timings for official support and discuss who is available – [Redacted – regulation 11(2) - personal info] mentioned he might be this morning.

Please let me know if you have any questions.

Thanks

Hi [Redacted – regulation 11(2) - personal info]

Yes please for official support. For briefing, Ms Slater met with Revive in her capacity as SGP Co-Leader at the recent conference so just light briefing please 3-5 pages max.

For the speech and timings, closing is fine but where did we get to with other meetings for the Minister? She doesn't mind attending for a big part of the day if there is meaningful engagement?

Happy to have a call if helpful.

Thanks

Hi [Redacted – regulation 11(2) - personal info]

Can I just check if the Minister would like official support for the event on Sunday? Also, I don't think we have had a request for briefing through – can I just check what briefing the Minister would like for this?

Revive have also been in touch to ask if Ms Slater would do the final keynote address instead at the end of the conference? In terms of timings this would be when closing speeches commence from 4:50pm – could you advise what the Minister's preference is and I will update Revive?

Thanks

Looks fine to me Jonathan

Thanks for taking this forward and we'd be happy to provide input into briefing for biodiversity purposes when the time arrives.
