PS/Cabinet Secretary for Social Justice

You will remember that the Minister had declined an invite to the Carer's Trust Benefitting Older Carers Parliamentary Reception (MiCase reference 202300386053) this Thursday, hosted by Paul Kane MSP, but advised that officials would attend.

I shall be attending the event on behalf of the Scottish Government, and will provide a short presentation on social security for older carers, and take part in a panel discussion alongside Mr O'Kane and others. Questions will be provided in advance to the panel.

We shall provide you with a note of the key points from the session.

Please do not hesitate to contact me if you need further information.
