

Pre-Inspection Questionnaire Results - 2019/20 All Local Authority Establishments (Excluding FI)

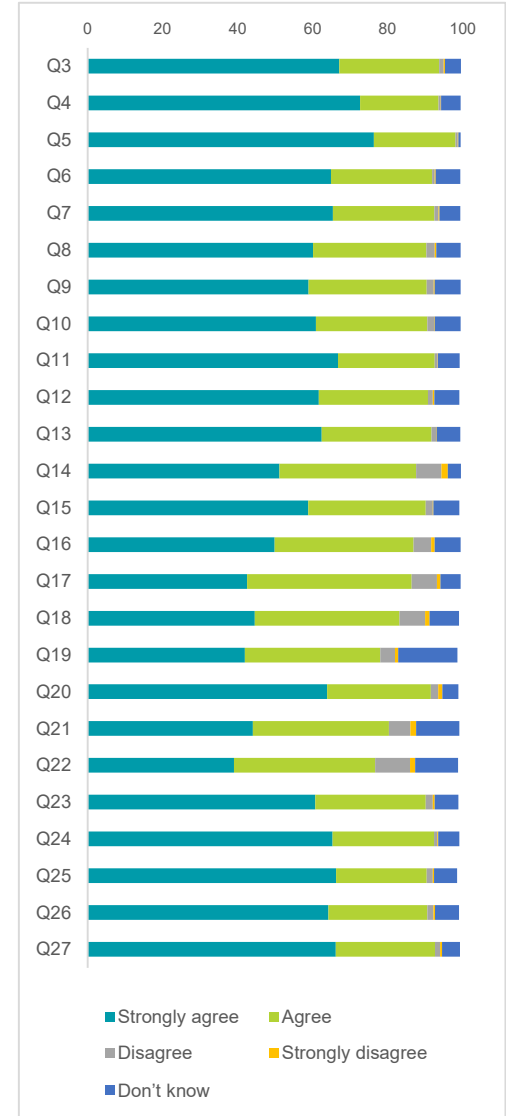

This document contains the results of the pre-inspection questionnaires aggregated for all local authority establishments inspected in 2019/2020 (excluding any collected during Further Inspections as these were previously not included in the all schools data). The results should be used and interpreted with caution. The sampling method used is convenience sampling, and participants choose whether or not to take part. We do not always know the characteristics or numbers of the full populations of the stakeholder groups. Comparisons should not be drawn between the 2018/2019 and 2019/2020 all inspected schools data as it is not the same group. Inspections were paused on 9th March 2020 due to COVID-19. As a result, this report only contains results from a partial academic year. It also includes usable questionnaire responses from schools inspected in 2019-20, as well as schools where questionnaire data had been gathered prior to the suspension of our inspection programme in March 2020, but where the inspection did not subsequently take place.

All percentages in this report have been rounded to the nearest full decimal place.
