£34,000 and above	£4,500	£4,500

*Please note that the Care Experienced, Estranged and Postgraduate living-cost loan rates are not income assessed and this is why there is no table associated. Additionally, Care Experienced students have only become eligible to receive a living-cost loan from the 2024-25 academic year as the rest of their funding package is composed of a bursary. The Estranged Student funding package was only introduced in the 2023-24 academic year and Postgraduate in 2015-16. This explains why these do not appear in all of the academic years.
