

25/08/2020, 17:58 - Humza: John, hope youre well. Non-urgent just whenever you have a moment - for households where there may be 2/3 kids in Highschool the affordability of face coverings might be an issue. Is this something we have/are giving thought to. Will there be an expectation on schools to have a limited supply?

25/08/2020, 18:51 - John Swinney: Thanks Humza. All ok just loads on. We have asked schools to look at the equity issues around face coverings and to ensure these are addressed sensitively. We have also said to LAs that we will look at the cost issues. We are encouraging schools to have supplies. Hope that helps. J

25/08/2020, 18:53 - Humza: Thanks v helpful. I'll write officially but already had a couple of constituents on about the issue being potentially prohibitive. I am not sure there will come a time any time soon when we do not have loads on! Keep well.

25/08/2020, 18:55 - John Swinney: We need to encourage people to have reusable/washable coverings. It is the only sustainable way to handle it. Stay well. J

25/08/2020, 18:57 - Humza: Agreed. Thanks

25/11/2021, 21:55 - Humza: Are you being kept abreast of developments in relation to this new variant?

25/11/2021, 21:56 - Humza: Been chatting to Gregor most of the day about it. Theyre worried.

They are just off a Covid O - Michael was attending on our behalf, travel ban from South Africa and another 5 Southern African states.

25/11/2021, 21:56 - Humza: Probably announce tonight but not sure from when we can operationalise. Probably 4am Saturday

25/11/2021, 22:06 - John Swinney: I have been discussing with Colin. It does

appear worrying. Need to look closely at developments and I suppose leave open the need for further action.

25/11/2021, 22:08 - Humza: Agreed.
