Good morning again

Thank you for running through all the documents with me this morning and thank you also to everyone who has worked on this case.

As discussed, I am content for the response to issue subject to the initials [Redacted] s38(1)(b) being redacted from document 22. Please confirm when this has been done prior

to the response issuing with the x53 documents that are to be released.

As with recent previous cases we updated the new [Redacted] s30(c) which is now saved I the casefile on eRDM.

Kind regards,

[Redacted] s38(1)(b)
