Child Poverty:

[Child poverty cumulative impact assessment: update - gov.scot](#)

(to note: The First Minister said originally:

*“This Government has put money in place to support improvement in the lives of young people living in poverty through the Scottish child payment—originally, it was set at £5 for every eligible child; now, it is £26.70—which is helping to lift hundreds of thousands of children out of poverty.”*

The First Minister has corrected the record with regards to this. Corrected text: *This Government has put money in place to support improvement in the lives of young people living in poverty through the Scottish child payment—originally, it was set at £5 for every eligible child; now, it is £26.70—which it is*

*estimated is helping to keep 100,000 children out of relative poverty in 2024-25.*

The correction can be found here: [Meeting of the Parliament: 27/02/2025 | Scottish Parliament Website](#))
