

v7.0

Instructions

The following form is to be used:

where as part of the application process for a compulsory treatment order, two medical practitioners are required to carry out medical examinations of the patient.

An approved medical practitioner MUST complete one of these reports. The patient's general medical practitioner may carry out one of the examinations and complete the second report.

There is no statutory requirement that you use this form but you are strongly recommended to do so. This form draws attention to some procedural requirements under the Mental Health (Care and Treatment) (Scotland) Act 2003. Failure to observe procedural requirements may invalidate the report.
If you are not completing this form electronically, please observe the following conventions, to ensure accuracy of information:

Write clearly within the boxes	For example	Shade circles like this ->
in BLOCK CAPITALS and in BLACK or BLUE ink		Not like this -> 🔀 🧭

Where a text box has a reference number to the left, you can extend your response on plain paper where there is insufficient space in the box. Extension sheet(s) should be clearly labelled with Patient's name and CHI number, and each extended response should be labelled with the appropriate text box reference number.

Notes

"Guardian" means a person appointed as a guardian under the Adults with Incapacity (Scotland) Act 2000 (asp 4) who has power by virtue of section 64(1)(a) or (b) of that Act in relation to the personal welfare of a person, where they have the power to consent

"Welfare attorney" means an individual authorised, by a welfare power of attorney granted under section 16 of the Adults with Incapacity (Scotland) Act 2000 (asp 4) and registered under section 19 of that Act, to act as such, where they have the power to consent

Diagnosis Of Mental Disorder

2

The patient has the following type(s) of mental disorder (see notes below) -

			Primary ICD 11 Code
Mental illness	⊖ Yes	⊖ No	Please enter primary ICD 11 diagnosis code for each disorder present.
Personality disorder	⊖ Yes	⊖ No	Click here for ICD11 Coding Tool
Learning disability	⊖ Yes	⊖ No	

Please provide a description of the symptoms that the patient has of this/these mental disorder(s) and of the ways in which the patient is affected by them.

Details Of Medical Treatment Proposed

I am satisfied, for the reasons stated below, that if the patient were not provided with treatment there would be a significant risk:

○ to the patient's health, safety or welfare

 \bigcirc to the safety of any other person

Notes

3

As detailed in section 328 (2) of the Act, a person is not mentally disordered by reason only of any of the following: sexual orientation; sexual deviancy; transsexualism; transvestism; dependence on, or use of, alcohol or drugs; behaviour that causes, or is likely to cause, harassment, alarm or distress to any other person; acting as no prudent person would act.

For a compulsory treatment order application to be able to proceed, this mental health report must specify at least one type of mental disorder which is specified in the other mental health report

Details Of Medical Treatment Proposed (cont)

4

I am satisfied that medical treatment is available which would be likely to prevent the mental disorder worsening, or alleviate any of the symptoms or effects of the disorder.

Please state below the patient's needs for medical treatment for mental disorder; the proposed medical treatment that will meet those needs; and who will provide that medical treatment.

Note: medical treatment includes nursing; care; psychological intervention; habilitation and rehabilitation (including education and training in work, social and independent living skills) in addition to pharmacological interventions.

Details Of Medical Treatment Proposed (cont)

5

6

I am satisfied, for the reasons stated below, that because of patient's the mental disorder, his / her ability to make decisions about the provision of such medical treatment is significantly impaired.

I am satisfied, for the reasons stated below, that the making of a compulsory treatment order is necessary: e.g. explain why the patient cannot be treated on a voluntary basis

Compulsory	Measures	Proposed
------------	----------	----------

It is my opinion that the following compulsory measures should be authorised by the compulsory treatment order *shade as approriate*

0	(a) detaining the patient in a specified hospital
0	(b) giving the patient medical treatment in accordance with Part 16 of the Act
0	(c) requiring the patient to attend: on specified or directed dates; or at specified or directed intervals, or directed places with a view to receiving medical treatment
0	(d) requiring the patient to attend: on specified or directed dates; or at specified or directed intervals, specified or directed places with a view to receiving community care services, relevant services or any treatment care or service.
0	(e) requiring the patient to reside at a specified place;
0	(f) requiring the patient to allow any of the following parties to visit the patient in the place where the patient resides. Those parties are: the patient's MHO, the patient's RMO, or any person responsible for providing medical treatment, community care services, relevant services or any treatment, care or services to the patient who is authorised for this purpose by the patient's RMO.
0	(g) requiring the patient to obtain the approval of the MHO to any proposed change of address.
0	(h) requiring the patient to inform the MHO of any change of address before the change takes effect.

Note: For a compulsory treatment order application to proceed, this mental health report must specify the same compulsory measures as are specified in the other mental health report

Notice To Patient

This section should only be completed where an AMP is completing the form. Where two AMPs are providing the mental health report, it would be best practice for the patient's RMO to complete this section.

I believe that (shade as appropriate):

	notice of the compulsory treatment order application should be given to the patient by the MHO under section 60(1)(a) of the Act	
O	२	
	notice of the compulsory treatment order application should NOT be given to the patient by the MHO under section 60(1)(a) of the Act; as, in my opinion, the giving of that notice would be likely to cause significant harm to the patient or another person	
ANI)	
	the patient IS capable of instructing a solicitor in relation to the application under section 63 of this Act	
OF	3	-
	the patient IS NOT capable of instructing a solicitor in relation to the application under section 63 of this Act	
<u>-</u>		

Please explain your reasons for coming to these conclusions:

Other Relevant	Information
-----------------------	-------------

7

8	
Signature / D	ate
Signature	
Date dd / mm / yyyy	

Notes

dd / mm / yyyy

Under Section 58 of the Act, the latter of the two medical examinations must be completed no more than 5 days after the first

the MHO is required under Section 57(7) of the Act to make the application for the compulsory treatment order within 14 days of the second medical examination being conducted.
