Quote from the Chair Of The Supported Employment Review Steering Group

I was delighted to be asked to Chair the Supported Employment Review Steering Group on behalf of the Scottish Government. The Steering Group's membership provided for detailed discussions which were wide ranging and reflected peoples' experiences – both positive and negative - of Scotland's current supported employment provision. The Group were very supportive of the work done by Social Finance in delivering the Review and the Report and Recommendations. I am pleased to welcome the publication of the Report and the Scottish Government Response to it. We are all clear this is only the start of the work in making the Review recommendations real and are committed to continuing to work with Scottish Government to implement them.

Charlie McMillan
