

## Coronavirus Act 2020

### Educational Continuity (No.6) Direction, 22 December 2020: Guidance note

#### Background

This sixth Educational Continuity Direction is given under powers conferred by Schedule 17 of the (UK-wide) Coronavirus Act 2020<sup>1</sup> and applies to education authorities.

This Educational Continuity Direction only covers local authority provision (i.e. not early learning and childcare (ELC), out of school care (OOSC) or schools provided by the private or third sector). Further education institutions managed by education authorities are also excluded.

This Direction is the sixth direction. It supports and provide a legal basis for key aspects of the supplementary guidance<sup>2</sup> issued by Scottish Ministers on 21 December 2020, and the other guidance that has been issued and is overseen by the Covid-19 Education Recovery Group<sup>3</sup>.

This Direction is in place until 19 January 2021. Its provisions will be subject to review by 11 January 2021.

#### Content of the Direction

The Direction is intended to provide important clarity on the expectations of education authorities during this stage of the current public health emergency. In carrying out the requirements in the Direction, authorities must take into account the objective of preventing the transmission of coronavirus, the welfare of children and young people and staff, and the importance of continuity of learning.

The Direction therefore:

- **Requires** all education authorities to restrict access to their schools and other educational settings from 00:01 on 28 December 2020 to 00:01 on 18 January 2021 except for a number of specified exceptions.
- **Allows** continued access (subject to relevant advice and guidance relating to public health and workplace safety) to buildings, for the purposes of providing early learning and childcare, or school age education and childcare to children of keyworkers and vulnerable children and young people; for the purpose of planning and preparation for that care, for remote learning, and for the resumption of face to face learning from 18 January; and for maintenance purposes.

<sup>3</sup> [Coronavirus \(COVID-19\): guidance on reducing the risks in schools - gov.scot \(www.gov.scot\)](https://www.gov.scot/Topics/education/continuity/covid-19/guidance-reducing-risks-schools)

- **Requires** education authorities to provide early learning and childcare for children of keyworkers and vulnerable children from the later of 28 December or the locally determined return date for that ELC service and having regard to the guidance issued by the Scottish Ministers. .
- **Requires** education authorities to provide school age education and childcare for children of keyworkers and vulnerable children from the later of 5 January December or the locally determined return date for pupils and having regard to the guidance issued by the Scottish Ministers.
- **Requires** education authorities to provide remote learning for school pupils for the week from 11 to 15 January 2021.
- **Requires** education authorities to resume provision of in-person learning for all pupils from 18 January 2021.
- **Requires** education authorities to continue to provide free school lunches or, where they are unable to secure that, reasonable alternatives (listed as other food or drink, vouchers or cash) to eligible children.

### **Disregard of failures to comply with statutory duties**

The Direction also makes provision in relation to a number of statutory duties on education authorities, recognising that in the current situation authorities cannot fully comply with a number of these duties. Authorities will also wish to take their own legal advice in relation to their duties in light of the Direction.

The Direction ensures that failures by local authorities to comply with the statutory duties specified in the Direction are disregarded, to the extent that these can be attributed to the Direction being in place. That means that any failures which cannot be attributed to a Direction would continue to be treated as a failure to comply with that duty.

Any disregard of a failure to comply with a duty therefore only applies in so far as it is due to the restrictions imposed by the Continuity Direction, for example, the physical closure of the setting for the majority of children. It is therefore the continued expectation that authorities deliver against these duties, to the extent they are not prevented from doing this because of the Direction.

The relevant statutory duties are set out below:

- section 53(2) of the 1980 Act - provision of free school lunches (although the requirement to provide reasonable alternatives as set out above applies); and
- section 47(1) of the Children and Young People (Scotland) Act 2014 (duty to secure provision of early learning and childcare).

The Direction further provides that a parent's failure to comply with the duty under section 30(1) of the 1980 Act to provide education for their children is to be disregarded, if the child is a pupil at an education authority school but is, as a result

of the Direction, unable to be in regular attendance at the school. This too only applies so far as any failure is attributable to the Direction.

### **Further information about the UK-wide Coronavirus Act 2020**

The UK-wide Coronavirus Act 2020 gained Royal Assent on 25 March 2020 and became law. The Act can be found here:

<http://www.legislation.gov.uk/ukpga/2020/7/contents/enacted/data.htm>.

This Act included an immediate requirement on all relevant authorities to have regard to the advice of the Chief Medical Officer for Scotland. It further conferred powers on Scottish Ministers to give 'Educational Closure Directions' or 'Educational Continuity Directions' if necessary and proportionate, and having regard to the advice of the Chief Medical Officer for Scotland.
