Animal Health Act 1981 (as amended)
Avian Influenza and Influenza of Avian Origin in Mammals (England) (No.2) Order 2006
Avian Influenza and Influenza of Avian Origin in Mammals (Wales) (No.2) Order 2006
Avian Influenza and Influenza of Avian Origin in Mammals (Scotland) Order 2006

General Licence for the Movement of Poultry Carcasses for Disposal from Premises in a Protection Zone in England, Wales or Scotland

1. This general licence is issued in accordance with paragraph 14 of Schedule 4 of the Order in England and Wales, and paragraph 15 of Schedule 4 of the Order in Scotland.
2. This licence permits, subject to the conditions set out in the Schedule of Conditions attached, the direct movement of poultry carcasses for disposal from premises in a Protection Zone to other premises within or outside the Zone, within England, Wales or Scotland.

This licence is valid from 16:00 on 18 November 2021.

Caroline Conradi

Veterinary Inspector appointed by Secretary of State, the Welsh Ministers and the Scottish Ministers.

Date: 16:00 on 18 November 2021

Schedule of Conditions

1. The move must be directly to the disposal premises (within England, Wales or Scotland).
2. Poultry carcasses may only be moved for disposal, by the means of disposal prescribed for Category 1 material or Category 2 material by Regulation (EC) No. 1069/2009 (retained EU law). Disposal of carcasses must be by the means of disposal and use permitted by Regulation (EC) No. 1069/2009 (retained EU law) for the relevant category of material. The derogation in Article 18 of Regulation (EC) No. 1069/2009 (retained EU law) enabling the use of Category 2 animal by-products in the feeding of any animals does not apply to these carcasses.
3. Immediately prior to each movement/removal of poultry carcasses the licensee must inspect the poultry on the premises to check that they show no clinical signs that could be associated with Avian Influenza.
4. The licensee must notify APHA within 24 hours of the inspection to confirm that the inspection has been carried out and that the poultry on the premises showed no clinical signs that could be associated with Avian Influenza. The notification must include the consignor's name and address, the destination disposal centre and the date and results of the inspection. The notification can be made by email to Outbreak.Licensing@apha.gov.uk or in writing to: The Licensing Team, APHA, Level One, County Hall, Spetchley Road, Worcester, WR5 2NP
5. The vehicle used to transport the poultry carcasses must be leak proof and covered. There must also be a spill kit available in the vehicle during transport in case of any spillage.
6. The collection vehicle should not be taken onto the premises of origin (where possible) beyond the perimeter of the premises and should not pass over any surface that could possibly be contaminated with mud, slurry, poultry faeces, excretions, feathers, litter, egg shell or other similar matter liable to transmit disease. The transfer of the poultry carcasses should be at the perimeter of the premises.
7. The vehicle's wheels and wheel arches must be cleansed and disinfected before leaving any premises from which a poultry carcass has been collected. The cleansing and disinfection after loading must take place at a point beyond which no contamination with mud, slurry, poultry faeces, feathers, litter, egg shell or any similar matter can take place.
8. After unloading at the poultry carcasses disposal premises:
 - the parts of the vehicle and any equipment used to transport anything which might be contaminated with mud, slurry, poultry faeces, excretions, feathers or any other similar matter must be cleansed and disinfected on site; and,
 - the vehicle's wheels and wheel arches must be cleansed and disinfected after unloading and before leaving the destination premises.
9. All persons relying on this general licence to move poultry carcasses must:
 - not enter or leave premises wearing clothing or footwear which is visibly soiled with mud, poultry faeces or any similar matter;
 - wear disposal clothing or cleanse and disinfect any clothing, and footwear, before entering or leaving a premises; and
 - take all other reasonable precautions to avoid transferring mud, slurry, animal faeces, excretions, feathers or any other similar matter between premises.

Notes

1. "The Order" means the Avian Influenza and Influenza of Avian Origin in Mammals (England) (No. 2) Order 2006 in England, the Avian Influenza and Influenza of Avian Origin in Mammals (Wales) (No. 2) Order 2006 in Wales and the Avian Influenza and Influenza of Avian Origin in Mammals (Scotland) Order 2006 in Scotland.

2. When moving anything under the authority of this licence, a person must carry a consignment note. The consignment note must include:
 - a) the quantity of poultry carcasses being moved,
 - b) the date of the movement,
 - c) the name of the consignor,
 - d) the address of the premises from which the carcasses have been moved,
 - e) the registration of the collecting vehicle,
 - f) the name of the consignee, and
 - g) the address of the disposal premises.
3. A record of the movement including the registration of any vehicle used, as required by Article 74 of the Order in England and Wales and by Article 73 of the Order in Scotland must be made as soon as is reasonably practicable after the movement and retained for at least 6 weeks after the movement is completed.
4. A person moving poultry carcasses under authority of this licence must, if asked to do so by an inspector, or other officer of the Secretary of State, the Welsh Ministers or the Scottish Ministers, give their name and address, produce the consignment note and allow copies or extracts to be taken.
5. The premises from which the carcasses have been moved must be cleansed and disinfected in accordance with Article 66 of the Order in England and Wales or Article 65 of the Order in Scotland (whichever is appropriate).
6. Where the use of a disinfectant is required under this licence, the disinfectant must be approved under the Diseases of Animals (Approved Disinfectants) (England) Order 2007 in England or the Diseases of Animals (Approved Disinfectants) (Wales) Order 2007 in Wales, or the Diseases of Animals (Approved Disinfectants) (Scotland) Order 2008 in Scotland. It must be used at the correct concentration and allow adequate contact time.
7. If you suspect notifiable disease you must report this immediately to your nearest APHA office.
8. The authority to move poultry carcasses under this licence does not apply to premises under Notice as Infected, Contact or Suspect Premises.
9. A carcase may only be moved by a collector registered under the requirements of Article 23 of Regulation (EC) No. 1069/2009 (retained EU law relating to animal by-products) unless operating from a premises approved under Article 24 of that Regulation. Any vehicle used to transport a carcase under this licence must comply with the relevant provisions of the Animal By-Products (England)(Enforcement) Regulations 2013 (as amended) in England, the Animal By-Products (Wales) (Enforcement) Regulations 2014 in Wales or the Animal By-Products (Enforcement) (Scotland) Regulations 2013 in Scotland.
10. The destination premises must be approved in accordance with Article 24 of retained EU law Regulation (EC) No.1069/2009.
11. Further information is available: <https://www.gov.uk/fallen-stock> and [Animal by-products: disposal guidance - gov.scot \(www.gov.scot\)](https://www.gov.scot/government/organisations/animal-and-plant-health-agency/about/access-and-opening)
12. Contact APHA (<https://www.gov.uk/government/organisations/animal-and-plant-health-agency/about/access-and-opening>) or your Local Authority for further advice on biosecurity measures and any other legislation that may apply.
