

## **Erratum notice – Scottish Sea Fisheries Statistics 2017**

An error in Table 34. 'Tonnage and value of landings of key commercial stocks by Scottish vessels 2013 to 2017' has been identified in the Value columns. The values presented were erroneous and were the result of a miscalculation. Corrected values are available on the Scottish Government website. Users of printed copies should be aware that the values presented in this column are not the true figures and refer to the spread sheets available online.

If you would like to access the updated tables you can do so on the Scottish Government website at: <https://www.gov.scot/Topics/Statistics/Browse/Agriculture-Fisheries/PubFisheries>

If you would like to get in touch with the Marine Analytical Unit in regards to this publication, you can email the lead analyst at [Cameron.Melvin@gov.scot](mailto:Cameron.Melvin@gov.scot) or during office hours by telephone at 0131 244 4414.
