Aggregate supply table (output at basic prices and supply at purchasers' prices)

This table is for illustrative purposes only. Entries denoted by ** have been suppressed as possibly disclosive. For this reason, the row and column totals do not add up to the sum of the components.

£m

Domestic output at basic prices															Supply = Output + Imports					Total supply at purchasers' prices
Year	Section	Product	Agriculture, forestry & fishing (Section A)	Mining and quarrying (Section B)	Manufacturing (Section C)	Energy supply (Section D)	Water and waste (Section E)	Construction (Section F)	Distribution, hotels and catering (Sections G, I)	Transport, storage and communication (Sections H, J)	Financial, insurance and real estate (Sections K, L)	Professional and support activities (Sections M, N)	Government, health and education (Sections O-Q)	Other services (Sections R-T)	Total output	RUK Imports	RoW imports	Distributors' trading margins	Taxes less subsidies on products
