Fieldwork Documents
APPENDIX A: FIELDWORK DOCUMENTS

1. Advance Letter (Child Boost sample) - ONS
2. Advance Letter (Child Boost sample) - ScotCen
3. Advance Letter (Version A & Health Board boost sample) - ONS
4. Advance Letter (Version A & Health Board boost sample) - ScotCen
5. Advance Letter (Version B sample)
6. Biological Measurements Record Card
7. Biological module consent booklet
8. Information Leaflet for Adults (Version A sample – no biological module)
9. Information Leaflet for Adults (Version B sample – biological module)
10. Information Leaflet for Adults (Health Board Boost)
12. Information Leaflet for Parents (Child Boost only)
13. Language translations card
14. NHS linkage consent form (Adult)
15. NHS linkage consent form (Child)
16. Questionnaire documentation (inc. household, individual and biological module)
17. Self-completion booklet (13-15 year olds)
18. Self-completion booklet (Adults)
19. Self-completion booklet (Parents of 4-12 year olds)
20. Self-completion booklet (Young Adults)
21. Scottish Government Follow-up Research consent form (Adult)
22. Scottish Government Follow-up Research consent form (Child)
23. Show cards
24. Survey Leaflet
25. Useful Contact Leaflet
Your chance to help improve health services in your local healthboard

Dear Sir or Madam,

Your household has been chosen to take part in the Scottish Health Survey (Child Interviews), an important study of the health and lifestyles of people across Scotland.

We are particularly interested in understanding the health of children and young people aged 0-15. An interviewer will arrive to do the interview, but if there is no-one aged 0-15 in your household then let them know when they arrive.

By taking part, your answers can help improve health services in your local area. Last year more than 6,000 people took part – now you have an opportunity to join in as well. Many found it to be interesting and we’re sure you will too.

What’s next
An interviewer from ONS will call at your address (showing you their photo ID card). If the timing is not suitable for an interview we can arrange one for a different time.

Thank you
We rely on the goodwill of the people who take part to make the study a success and need to speak to as many different people as possible. To say thank-you for your help, each household that takes part will receive a £10 Gift Card that can be used at high street shops like Argos, Boots and Marks & Spencer.

Further info
Answers to some questions you may have are on the back of this letter. You can also look at the enclosed leaflet or visit www.scottishhealthsurvey.org. If you would like to talk to someone about the study or don’t want to take part, please phone 0800 298 5313.

Julie Landsberg
Survey Manager, Scottish Government
How did you choose my address?

We chose your address at random from the Postcode Address File. This file is held by the Post Office and is available to the public.

What will happen to any information I give?

We will handle your data in accordance with data protection legislation. The results collected are used for statistical and research purposes only and your confidentiality will be protected in the publication of any results. For further information on how the information you provide will be used please see the Privacy Notice on the Scottish Government's website here: www.gov.scot/Topics/Statistics/Browse/Health/scottish-health-survey/faqs.

What will the results be used for?

The information you provide will help the survey team understand more about health conditions and behaviours which will in turn help policy-makers to develop policies aimed at improving people's health.

Who is carrying out the survey?

The Scottish Government has asked ScotCen Social Research, in collaboration with the Office for National Statistics (ONS), the Medical Research Council Social and Public Health Sciences Unit (MRC SPHSU) at the University of Glasgow, and academics from the Universities of Aberdeen and Edinburgh, to carry out the survey. ScotCen, the MRC SPHSU and the Universities of Aberdeen and Edinburgh are independent of all government departments and political parties. ONS is the UK’s independent producer of official statistics. For more information about Scotcen Social Research visit www.scotcen.org.uk. For more information about ONS visit www.ons.gov.uk/surveys.

What is the interview about?

The interview covers a range of health topics, including general health and lifestyles. If you agree, the interviewer will also take some measurements, such as height and weight.

Where can I find out more?

See the enclosed leaflet, visit www.scottishhealthsurvey.org or phone us free on 0800 298 5313. Hear more about the real difference the study makes at www.scotcen.org.uk/healthvideo.

The survey has been reviewed by an independent Research Ethics Committee to protect your safety, rights, wellbeing and dignity.

Participant name_______________________________________

The Measurements

Height and Weight
Lately there has been much discussion about the relationship between weight and health and we are looking at weight in relation to height.

Height: ___________________________ cm
   ___________________________ ft/ins

Weight: ___________________________ kg
   ___________________________ st/lbs

For adults, height and weight information can be used to calculate Body Mass Index (BMI). Further information on this calculation and guidance on BMI can be found on this website:
www.nhs.uk/Tools/Pages/Healthyweightcalculator.aspx

Waist measurement
Your waist measurement is useful for assessing distribution of weight over the body. The interviewer will ask you to pass the tape measure around your waist, over your clothes.

Waist measurement:
First Measurement: __________ cm
   __________ ins

Second Measurement: __________ cm
   __________ ins

Blood Pressure
Blood pressure is measured using an inflatable cuff that goes around your upper arm. High blood pressure can be a health problem. A person’s blood pressure is influenced by age and can vary from day to day with emotion, meals, tobacco, alcohol, medication, temperature and pain. The interviewer will tell you your blood pressure along with an indication of its meaning. However, a diagnosis cannot be made on measurements taken on a single occasion.

<table>

Blood pressure interpretation:
Summary of advice given by interviewer:

□ Normal
□ Raised
□ Mildly raised
□ Considerably raised

Visit your GP to have your blood pressure checked within:

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________
Saliva Sample
We would like to take a sample of saliva (spit). This simply involves dribbling saliva into a tube, or sucking on a piece of cotton wool. The interviewer will ask you to sign a consent form before any sample is taken. The sample will be analysed for cotinine. Cotinine is related to the intake of cigarette smoke and is of particular interest to see whether non-smokers may have raised levels as a result of ‘passive’ smoking. The saliva will only be tested for cotinine. It will not be tested for other substances, like drugs or alcohol.

What will happen to the saliva sample I give?
Your saliva sample will be sent to a laboratory, and analysed as outlined in the previous section. Your name and address will not be attached to the sample and so your sample will remain confidential. The anonymous saliva sample will be destroyed after the analysis is carried out. No genetic (DNA) tests will be conducted, only the analysis outlined above.

As your results will be presented anonymously and cannot be linked to you, it would not be possible to remove your results from any published reports.

Physical and Health Measurements
The 2018 Scottish Health Survey
Information for Participants

This leaflet provides extra information about the measurements and samples collected as part of the Scottish Health Survey.

If you would like anything to be explained, or if you have any questions, please just ask the interviewer, or contact ScotCen directly (email scottishhealthsurvey@scotcen.org.uk or phone 0131 240 0210). The NHS Inform website (www.nhsinform.scot) and phoneline (0800 224488) can also provide information about health conditions.

I consent to a trained ScotCen Social Research interviewer collecting a sample of my saliva on behalf of the Scottish Government

a) I have read and understood the Information for Participants leaflet and understand that I will be asked to provide a saliva sample collected by either dribbling into a small container or by chewing on a dental roll. These samples will then be sealed and packaged. This measurement will take approximately three (3) minutes to complete.

b) The saliva sample will be sent to a secure storage facility where it will be analysed for cotinine. I understand that:
   i. The sample and related information will be coded to ensure that my personal identity is not revealed to researchers carrying out scientific analysis
   ii. Links to my name and/or contact details will not be made at any time
   iii. No personal test results from my saliva sample will be given to me
   iv. The saliva sample will only be tested for cotinine, a derivative of nicotine. It will not be tested for other substances like drugs or alcohol or for DNA testing
   v. The sample will be destroyed after the analysis has been carried out

c) The interviewer has explained the procedure, and I have had an opportunity to discuss this with him/her.

The 2018 Scottish Health Survey

This survey is being carried out for the Scottish Government by ScotCen Social Research, an independent research institute, the Office for National Statistics (ONS), the MRC Social and Public Health Sciences Unit at the University of Glasgow and academics from the Universities of Aberdeen and Edinburgh.

This leaflet tells you more about the survey and why it is being done.

What is it about?

The first Scottish Health Survey was commissioned in 1995 by the Scottish Office because it was concerned about the lack of information about the health of people in Scotland. The survey was repeated again in 1998 and 2003 and has been conducted annually since 2008. The detailed information provided by these surveys has proved very valuable and is used to help develop ways of improving people’s health and to plan the services people need at times of ill health. The 2018 survey will update the information collected in previous surveys.

The 2018 survey has questions about your general health, and about behaviour that can affect your health such as eating habits, physical activity, smoking and drinking. There are also some questions about diseases of the heart, lungs and chest. The Scottish Government are particularly interested in having this information because at present the rates of heart disease in Scotland are among the highest in the world.

The survey also collects, if you agree, height and weight measurements. Some personal details such as age, sex and employment are also included to help interpret this information.
Why have we come to your household?
To visit every household in Scotland is expensive and time consuming. Instead we select a sample of addresses in such a way that all addresses in the country have a chance of being chosen. Yours is one of those chosen for the 2018 survey.

Who will we want to speak to?
We would like to interview every adult (aged 16 and over) who lives in your household. If there are any children aged 0-15 we would like to interview two of them. Parents or guardians will answer questions on behalf of children aged under 13.

What happens to the information I provide?
Your answers are treated with care and with full respect for your privacy. The information collected is used for statistical and research purposes only and will be dealt with in accordance with data protection legislation. The Scottish Government, ScotCen and ONS guarantee that the survey results will not be published in a form that can reveal your identity and that no attempts will be made to identify individuals from their answers.

If you agree and give us your written consent, your NHS health records, including information about in-patient or out-patient visits or diagnosis, will be linked with your survey answers. This increases the value of the information you provide. This is done in such a way that no data which can identify you or any other individual will be released.

For further information on how the information you provide will be used please see the Privacy Notice on the Scottish Government's website here: http://www.gov.scot/Topics/Statistics/Browse/Health/scottish-health-survey/faqs

If you were to decide at a later date that you no longer wanted the information collected about you to be used in the survey then it would be deleted.

Is the survey compulsory?
No. In all our surveys we rely on voluntary co-operation. The success of the survey depends on the goodwill and co-operation of those asked to take part. The more people who do take part, the more useful the results will be. You are free to withdraw from any part of the survey at any time, and you do not have to answer all the questions.

Do I get anything from the survey?
If you wish, you may have a record of your measurements. Other benefits from the survey will be indirect and in due course will come from any improvements in health and in health services which result from the survey.

What if I have any other questions?
We hope this leaflet answers the questions you may have, and that it shows the importance of the survey. If you have any other questions about the survey, please do not hesitate to ring one of the contacts listed below.

Your co-operation is very much appreciated.

Thank you very much for your help with this survey.

The 2018 Scottish Health Survey
This survey is being carried out for the Scottish Government by ScotCen Social Research, an independent research institute, the Office for National Statistics (ONS), the MRC Social and Public Health Sciences Unit at the University of Glasgow and academics from the Universities of Aberdeen and Edinburgh.

This leaflet tells you more about the survey and why it is being done.

What is it about?
The first Scottish Health Survey was commissioned in 1995 by the Scottish Office because it was concerned about the lack of information about the health of people in Scotland. The survey was repeated again in 1998 and 2003 and has been conducted annually since 2008. The detailed information provided by these surveys has proved very valuable and is used to help develop ways of improving people’s health and to plan the services people need at times of ill health. The 2018 survey will update the information collected in previous surveys.

The 2018 survey has questions about your general health, and about behaviour that can affect your health such as eating habits, physical activity, smoking and drinking. There are also some questions about diseases of the heart, lungs and chest. The Scottish Government are particularly interested in having this information because at present the rates of heart disease in Scotland are among the highest in the world.

The survey also collects, if you agree, some physical measurements such as height, weight and blood pressure. Some
personal details such as age, sex and employment are also included to help interpret this information.

Why have we come to your household?
To visit every household in Scotland is expensive and time consuming. Instead we select a sample of addresses in such a way that all addresses in the country have a chance of being chosen. Yours is one of those chosen for the 2018 survey.

Who will we want to speak to?
We would like to interview every adult (aged 16 and over) who lives in your household. If there are any children aged 0-15 we would like to interview two of them. Parents or guardians will answer questions on behalf of children aged under 13.

What happens to the information I provide?
Your answers are treated with care and with full respect for your privacy. The information collected is used for statistical and research purposes only and will be dealt with in accordance with data protection legislation. The Scottish Government, ScotCen and ONS guarantee that the survey results will not be published in a form that can reveal your identity and that no attempts will be made to identify individuals from their answers.

If you agree and give us your written consent, your NHS health records, including information about in-patient or out-patient visits or diagnosis, will be linked with your survey answers. This increases the value of the information you provide. This is done in such a way that no data which can identify you or any other individual will be released.

For further information on how the information you provide will be used please see the Privacy Notice on the Scottish Government's website here:

Is the survey compulsory?
No. In all our surveys we rely on voluntary co-operation. The success of the survey depends on the goodwill and co-operation of those asked to take part. The more people who do take part, the more useful the results will be. You are free to withdraw from any part of the survey at any time, and you do not have to answer all the questions.

Do I get anything from the survey?
If you wish, you may have a record of your measurements. Other benefits from the survey will be indirect and in due course will come from any improvements in health and in health services which result from the survey.

What measurements are included in the survey?
Adults aged 16 and over will be asked to have their height, weight, waist circumference and blood pressure measured, and to provide a saliva sample. The interviewer has been given specialist training to conduct these measurements and to handle the sample. Taking part in the measurements and providing sample is voluntary – you can answer the questions in the rest of the survey and choose to miss out the measurements and sample if you prefer. The interviewer will give you a leaflet that explains more about the measurements and sample.

Any children aged 2-15 in your household that take part in the survey will be asked to have their height and weight measured. Children will not be asked to take part in any other measurements or to provide samples.
For your measurements:

With your permission we will measure your height and weight. We can use the space below to record this information if you wish.

The Scottish Health Survey 2018

Information for Children

The Scottish Health Survey is a survey to find out about the health of people in Scotland.

Every year around 1,700 children and 4,000 adults take part in the study.

This leaflet tells you more about the study and why it is being done.
What are the questions about?
The interviewer will ask you some questions about your general health and illness. The interviewer will also ask about things that can affect your health like the kinds of food you eat and what kinds of sports and activities you do.

Do I have to answer the questions?
No, not if you don't want to. If you only want to answer some of the questions this is okay too. If you are aged 12 or under your mum, dad or the person who looks after you will answer the questions with your help. If you don't want them to answer a question about you this is okay, just tell them not to.

What are the measurements?
If you agree, the interviewer will also measure your height and weight. If you want, the interviewer will write down your height and weight for you.

Do I have to be measured and weighed?
No, not if you don't want to. The interviewer will ask you if it's okay to measure your height and weight before he or she takes your measurements.

Who will see my answers?
The interviewer will not tell anyone you know about the answers you give.

Do I have any other questions?
If you have any other questions about the study, please ask the interviewer. You can also send an email with any questions to: scottishhealthsurvey@scotcen.org.uk

Thank you for your help with this study.

Why have you come to my house?
To visit every household in Scotland would take too long and cost too much money. Instead we select a small number of addresses and ask the people at each address to take part in the Scottish Health Survey.
What if I have any questions?

We hope this leaflet answers the questions you may have, and that it shows the importance of the survey. A separate information sheet for children is also available.

If you have any other questions about the survey, please do not hesitate to ring one of the contacts listed below.

Your co-operation is very much appreciated.

Thank you very much for your help with this survey.

The 2018 Scottish Health Survey

Information for Parents

This survey is being carried out for the Scottish Government by ScotCen Social Research, an independent research institute, the Office for National Statistics (ONS), the MRC Social and Public Health Sciences Unit at the University of Glasgow and academics from the Universities of Aberdeen and Edinburgh.

This leaflet tells you more about the survey and why it is being done.

What is it about?

The first Scottish Health Survey was commissioned in 1995 by the Scottish Office because it was concerned about the lack of information about the health of people in Scotland. The survey was repeated again in 1998 and 2003 and has been conducted annually since 2008. The detailed information provided by these surveys has proved very valuable and is used to help develop ways of improving people’s health and to plan the services people need at times of ill health. The 2018 survey will update the information collected in previous surveys.

The 2018 survey will collect information about a range of health conditions and about behaviour that can affect health such as eating habits and physical activity. The Scottish Government and NHS Health Scotland would like better information about the health of children and so each year extra children are interviewed.
What is involved?
For children, the survey has questions about general health and about behaviour that can affect health such as eating habits and physical activity. Parents or guardians will be asked to answer on behalf of children up to the age of 12 – with help from the child when possible. Children aged 13-15 will be interviewed in person – with their parent or guardian present in the home.

The interviewer will also ask permission to collect some physical measurements like height and weight.

Parents are asked some personal details such as age, sex and employment which are needed to interpret the information about children’s health.

Why have we come to your household?
To visit every household in Scotland is expensive and time consuming. Instead we select a sample of addresses and ask the people at each address to take part in the Scottish Health Survey. For this part of the survey we would like to invite up to two children aged 0-15 to take part.

What happens to the information I provide?
Your answers are treated with care and with full respect for your privacy. The information collected is used for statistical and research purposes only and will be dealt with in accordance with data protection legislation. The Scottish Government, ScotCen and ONS guarantee that the survey results will not be published in a form that can reveal your child’s identity and that no attempts will be made to identify individuals from their answers.

If you agree and give us your written consent, the information provided in this survey about your child’s NHS health records, including information about in-patient or out-patient visits or diagnosis, will be linked to your survey answers. This increases the value of the information provided. This is done in such a way that no data which can identify you, your child or any other individual will be released.

For further information on how the information you provide will be used please see the Privacy Notice on the Scottish Government’s website here:

If you were to decide at a later date that you no longer wanted the information collected about your child to be used in the survey then it would be deleted.

Is the survey compulsory?
No. In all our surveys we rely on voluntary co-operation. The success of the survey depends on the goodwill and co-operation of those asked to take part. The more people who do take part, the more useful the results will be. You and your child are free to withdraw from any part of the survey at any time, and you do not have to answer all the questions.

Do I get anything from the survey?
If you wish, your child may have a record of their height and weight measurements. Other benefits from the survey will be indirect and in due course will come from any improvements in health and in health services which result from the survey.
Scottish Health Survey

British Sign Language

Your household has been selected to take part in the Scottish Health Survey. This important study collects information on behalf of the Scottish Government and the National Health Service about the health and lifestyles of people who live in Scotland. If you would you like us to arrange for a BSL interpreter to help conduct the interview, or to explain more about what is involved, please give the person who has called at your address your telephone number so we can arrange this.

THE SCOTTISH HEALTH SURVEY 2018

Scottish Health Records

(Adults 16+)

- The National Health Service (NHS) maintains routine medical and other health records on all patients who use their services. We would like to ask for your consent to link your survey answers to your NHS health records on the following:
  - Visits to hospital and length of stay.
  - Information about diagnosis, treatments and hospital stays for cancer, heart disease, stroke, diabetes and psychiatric episodes.
  - Details about registration with a general practitioner and, if you pass away, the date and cause of death.
- To link this information we need to send your name, address and date of birth to the Information Services Division (ISD) of NHS Scotland so they can identify your health records.
- By linking this information with the interview data the research is more useful as we can look at how people’s lifestyle and circumstances can have an impact on their future health and use of hospital services.
- This information will be confidential and used for statistical and research purposes only. The information will not identify you so it cannot be used by anyone treating you as a patient.
- By signing this form you are only giving permission for the linking of this information to routine administrative data and nothing else. Your data will be handled in accordance with Data Protection Legislation.
- You can cancel this permission at any time in the future by writing to: ScotCen Social Research, Scotiabank House, 2nd Floor, 6 South Charlotte Street, Edinburgh, EH2 4AW. You do not need to give a reason to cancel this.

Your consent

Notes

1. This is an edited documentation of the computer programmes used in the SHeS household and individual interviews. Instead of being numbered each question has a variable name; these are identified here in square brackets, e.g.: [varname].

2. Not all variables that appear here will be on the final data file (those that are not are marked with a ‘*’). Similarly, not all derived variables that will be on the data file are mentioned here. There will be a separate documentation of derived variables when the data is released.

3. Routing instructions appear above the questions. A routing instruction should be considered to stay in force until the next routing instruction.

4. Sections of text in brackets and italics were filled in as appropriate on the interviewers’ computers.

5. Individual codes marked ‘EDIT ONLY’ were used by the editors to reclassify ‘other’ answers and are not visible during the main interviews.

6. For some questions respondents could give a different answer to the main options they were presented with. Such answers are recorded verbatim and were examined during the editing process to see whether they could be ‘back-coded’ to one of the existing answer categories. These will not be available on the data file and have been indicated within this documentation with a ‘*’.

7. Some questions allowed respondents to give more than one answer (indicated within this documentation with the instruction: ‘CODE ALL THAT APPLY’). In these cases each individual answer option will have its own variable name which is shown in square brackets to the right of the answer.

8. The symbol ‘$’ has been used to flag CAPI questions which have been used in conjunction with Self-Complete questions to combine the answers into a separate derived variable.

Important note for data users: You are advised to use the documentation accompanying the final dataset released by the UK Data Archive as there may be updates or corrections to the documentation between the publication of the annual report and the release of the final dataset.

* = not on the datafile
Scottish Health Survey 2018 – Survey outline

- A household interview with the household reference person (HRP) or their spouse or partner
- An individual interview with eligible participants. Eligibility criteria for each of the three sample types were as follows:
  - Main sample - up to ten adults and two children per household
  - Child boost sample - up to two children (0-15) per household
  - Health Board boost sample - up to ten adults per household

Questionnaire content

Household questionnaire
There was only one version of the household questionnaire across all three sample types in 2018. The household questionnaire documentation begins on page 6 of this documentation.

Individual questionnaire
The questionnaire content varied depending firstly on the sample type, and then the age of the participants being interviewed. The questionnaire documentation details exactly who was eligible to answer particular modules and questions within these modules.

- Main sample - there were two versions of the individual interview questionnaire for the main sample: version A and version B. The content and order of the individual interview differed depending on which version a household was selected to go through. Some topics were asked in both versions of the questionnaire, e.g. ‘general health including caring’ and ‘eating habits for children’ while other topics are only asked in one of the versions, e.g. ‘respiratory’ in version A. The below on the following page outlines which topics are asked in which version of the questionnaire.
- Child Boost sample – The individual questionnaire at child boost households followed the same format as a main version A individual questionnaire (see table on following page).
- Health Board Boost sample – Adults in the Health Board boost sample were only asked questions on those topics that appeared in both version A and version B of the individual interview, for example, general health.

* = not on the datafile
Points to note:

- There are four versions of the questionnaire in the mainstage: Core Version A; Core Version B (biological module); Child Boost; and Health Board Boost.
- Children are not eligible for the biological module in Core Version B or at Health Board Boost sampled addresses.
- The below table indicates what should be in each version and the order of the interview. The associated CAPI block names are in [] after the topic.

ASK ALL AGED 16+

[OwnORent08]
SHOW CARD A3
In which of these ways do you occupy this accommodation?
PROBE FOR DETAILS
1 Buying it with mortgage or loan
2 Own it outright
3 Pay part rent/part mortgage
4 Rent (including rents paid by housing benefit)
5 Live here rent free

* = not on the datafile
IF OwnRnt08= Rent OR Free THEN

[LandLord]
Who is your landlord?
INTERVIEWER: Code first that applies.
If property is rented through an agent code in relation to the property owner NOT the agent.
1 Organisations: the local authority / council / Scottish Homes
2 Organisations: housing association, charitable trust or Local Housing Company
3 Organisations: employer (organisation) of a household member
4 Another organisation
5 Individuals: relative/friend (before you lived here) of a household member
6 Individuals: employer (individual) of a household member
7 Another individual private landlord

ASK ALL

[Car12]
In total, how many cars or vans are owned, or are available for private use, by members of your household? Include any company cars or vans available for private use
Range : 0..100.

ASK ALL

[Passm]
Does anyone smoke inside this (house/flat) on most days?
INTERVIEWER: IF ASKED, RESPONDENT SHOULD INCLUDE THEMSELVES AND NON-HOUSEHOLD MEMBERS WHO SMOKE IN THE HOUSE/FLAT, BUT EXCLUDE ANY HOUSEHOLD MEMBERS WHO ONLY SMOKE OUTSIDE OF THE HOUSE/FLAT.
1 Yes
2 No

[SmokHm]
SHOW CARD A4
Regardless of whether you smoke or not, using this card, what best describes the smoking rules in this (house/flat)? Please think about the people who live with you as well as visitors to your home?
INTERVIEWER: IF RESPONDENT DOES NOT HAVE ANY SMOKING RULES, ASK THEM TO THINK WHAT RULES THEY WOULD APPLY TO SMOKERS IN THEIR HOME:
1 People can smoke anywhere inside this house/flat
2 People can only smoke in certain areas or rooms inside this house/flat (include smoking out of the window and at an open back door)
3 People can only smoke in outdoor areas (e.g. gardens/balconies) of this house/flat
4 People cannot smoke indoors or in outdoor areas of this house/flat

* = not on the datafile
IF >1 person in household

[EatTog]

How many times in the last week, that is the seven days ending (date last Sunday), did all or most of the people who live in this household eat a main meal together not including breakfast?

1 Never
2 One or two times
3 Three or four times
4 Five or six times
5 Seven times
6 More than often than this

INTERVIEWER: I'm now going to ask you some questions about your local area
ASK ALL

[LiveArea]

First, how many years have you lived in your local area? By this I mean the area within about a 15 minute walk from your home?

1 Less than 1 year
2 1 year but less than 2
3 2 years but less than 5
4 5 years but less than 10
5 10 years or more

IF lived in area 2 years or more (LiveArea >= 3)

[CrimArea]

How much would you say the crime rate in your local area has changed since two years ago? Would you say there is more, less or about the same?

INTERVIEWER: IF ANSWER IS 'MORE' ASK: Is that a lot more or a little more?

IF ANSWER IS 'LESS' ASK: Is that a lot less or a little less?

INTERVIEWER: IF ASKED: There is an interest in finding out if there is a relationship between people's experience of crime and their health and wellbeing:

1 A lot more
2 A little more
3 About the same
4 A little less
5 A lot less

Overall, how satisfied or dissatisfied are you with each of these services?

[LocHealth]

REPEAT FOR UP TO 6 ADDITIONAL SPORTS, WHEN ANSWER YES AT EACH SUCCESSIVE
‘OTHER ACTIVITY’ VARIABLE OActQ11 to OActQ16

Have you done any other sport or exercise not listed on the cards?

INTERVIEWER: PROBE FOR NAME OF SPORT OR EXERCISE AND WRITE IN.

1 Yes
2 No

IF OActQ = Yes THEN

[WHTACT11 – WHT16]

1 Up to 6 other activities can be recorded. These are then assigned a code in the office.
For each activity, a set of questions about number of days/hours/minute and effort was asked:

**[swimocc to wskiocc]**
Can you tell me on how many separate days did you do (name of activity) for at least 10 minutes at a time during the past four weeks, that is since (date four weeks ago)?  
IF ONLY DONE FOR LESS THAN 10 MINUTES ENTER 0.  
Range: 0..28

**[swimhrs to wskihrs]**
How much time did you usually spend doing (name of activity) on each day? (Only count times you did it for at least 10 minutes).  
RECORD HOURS SPENT BELOW.  
ENTER 0 IF LESS THAN 1 HOUR.  
RECORD MINUTES AT NEXT QUESTION.  
Range: 0..12

**[swimmin to wskimin]**
INTERVIEWER: RECORD MINUTES HERE.  
Range: 0..59

**[swimeff to wskieff]**
During the past four weeks, was the effort of (name of activity) usually enough to make you out of breath or sweaty?  
1 Yes  
2 No

**[ExcMus]**
For certain activities an additional question was asked to identify whether the activity could be classed as muscle strengthening.

IF WhtAct, WhtAcB or OactQ = cycling, workout at a gym, aerobics, any other type of dancing, running/jogging, football/rugby, badminton/tennis, squash, exercises, ten pin bowling, yoga/pliates, aquarobics/aquafit, martial arts/Tai Chi, basketball, netball, lawn bowls, golf, hill walking/rambling, cricket, hockey, curling, ice skating, shinty, surf/body boarding, volleyball THEN  
**[cyclemus to Vollmus]**  
During the past four weeks, was the effort of (name of activity) usually enough to make your muscles feel some tension, shake or feel warm?  
1 Yes  
2 No

IF WhtAct = Exercises (e.g. press-ups, sit-ups) AND (Age>=65) THEN  
**[ExMov]**  
Did these exercises involve you standing up and moving about?  
1 Yes  
2 No

[Potatoes]
SHOW CARD G2

1 The question wording and answer categories changed in 2008.
Other than chips, how often do you eat **potatoes, pasta or rice**?

**[Meat03]**
SHOW CARD G2
How often do you eat **meat such as beef, lamb, pork etc.** not including poultry?

**[MeatProd]**
SHOW CARD G2
How often do you eat **meat products** such as sausages, meat pies, bridies, corned beef, or burgers?
INTERVIEWER: INCLUDE LORNE, SLICED, AND LINKS SAUSAGES

**[TFish]**
SHOW CARD G2
How often do you eat **canned tuna fish**? Please don’t count fresh or frozen tuna.

**[WFish03]**
SHOW CARD G2
How often do you eat **white fish** such as cod, haddock, whiting, sole or plaice, including fresh or frozen fish?

**[FshOil03]**
SHOW CARD G2
How often do you eat **other types of fish** such as herring, mackerel, salmon or kippers, including fresh, frozen or canned fish?
INTERVIEWER: If asked, include fresh or frozen tuna here.

**[Cheese]**
SHOW CARD G2
How often do you eat **cheese** not including cottage cheese and other reduced fat cheeses?

**[Confec]**
SHOW CARD G2
How often do you eat **sweets or chocolates**?

**[IceCream]**
SHOW CARD G2
How often do you eat **ice cream**?

**[Crisps]**
SHOW CARD G2
How often do you eat **crisps or other savoury snacks**?

**[DietDr]**
SHOW CARD G2
How often do you drink diet, low-calorie or no-added sugar **soft drinks**?
Include diet fizzy drinks, low-cal flavoured water and no-added sugar diluting juice.  (*adults only*) Include diet or low-calorie soft drinks added to alcohol.  Do **not** include fresh fruit juice or plain water

* = not on the datafile
SHOW CARD G2
How often do you drink sugary soft drinks? Include fizzy drinks, energy drinks and diluting juice with added sugar.
(adults only) Include sugary soft drinks added to alcohol.
INTERVIEWER: Do not include diet, low-calorie or no-added sugar drinks or fresh fruit juice.

IF (Age<=15) THEN
SHOW CARD G2
How often does (he/she/name) drink milk, not including milk used for tea, coffee and cereals, or in milkshakes and other flavoured milks?
INTERVIEWER: include soya / goat’s milk.

ASK ALL AGED 2-15 AND AGED 16+ VERSION A ONLY
SHOW CARD G2
How often do you eat cakes, scones, sweet pies or pastries?

SHOW CARD G2
How often do you eat biscuits?

ASK ALL WHO EAT BISCUITS AT LEAST ONCE A DAY (IF [Biscuits] in [1..4])
SHOW CARD G1 AGAIN
How many biscuits do you usually eat on any one day?
INTERVIEWER: If varies, ask for an average
1 6 a day or more
2 4-5 a day
3 2-3 a day
4 One a day
5 Less than one per day

ASK ALL WHO EAT CAKES / SCONES / PIES ETC AT LEAST ONCE A DAY

4 One a day
5 Less than one per day
Fruit and vegetable module ALL VERSIONS (2+)

ASK ALL AGED 2+
[VFlnt]*
I’d like to ask you a few questions about some of the things you ate and drank yesterday. By yesterday I mean 24 hours from midnight to midnight. First I’d like to ask you some questions about the amount of fruit and vegetables you have eaten.

1 Continue

[VegSal]
Did you eat any salad yesterday? Don't count potato, pasta or rice salad or salad in a sandwich.
INTERVIEWER: Salads made mainly from beans can either be included here or at the next question.
1 Yes
2 No

IF VegSal = Yes THEN
[VegSalQ]
How many cereal bowlsful of salad did you eat yesterday?
IF ASKED: ‘Think about an average-sized cereal bowl’.
Range: 0.5 ..50.0

ASK ALL AGED 2+
[VegPul]
Did you eat any pulses yesterday? By pulses I mean lentils and all kinds of peas and beans, including chickpeas and baked beans. Don’t count pulses in foods like Chilli con carne.
1 Yes
2 No

IF VegPul = Yes THEN
[VegPulQ]
SHOW CARD G3
How many tablespoons of pulses did you eat yesterday?
IF ASKED: ‘Think about a heaped or full tablespoon’.
FOR INFO: An average sized can of baked beans = 10 tablespoons.
Range: 0.5.. 50.0

ASK ALL AGED 2+
[VegVeg]
Not counting potatoes, did you eat any vegetables yesterday?
Include fresh, raw, tinned and frozen vegetables.
1 Yes
2 No

IF VegVeg = Yes THEN
[VegVegQ]
SHOW CARD G3
How many tablespoons of vegetables did you eat yesterday?
IF ASKED: 'Think about a heaped or full tablespoon'.
Range: 0.5...50.0

ASK ALL AGED 2+

* = not on the datafile
[VegDish]
(Apart from anything you have already told me about, did you eat any other dishes made mainly from vegetables or pulses yesterday, such as vegetable lasagne or vegetable curry?)
Don't count vegetable soup, or dishes made mainly from potatoes.
1 Yes
2 No

IF VegDish = Yes THEN
[VegDishQ]

[WineQ]$^2$
How much wine, including Babycham and champagne, have you usually drunk on any one day?
INTERVIEWER: Code the measure the respondent used.
Please note that respondent may give answer in bottles and glasses.
Code small bottles (eg. 250ml, 175ml) as glasses, not bottles.
Please code the relevant option.
1 Bottle or parts of bottle
2 Glasses
3 Both bottles or parts of bottle, and glasses

$^1$ Buckfast was added to this question in 2008
$^2$ 18 and 19 year olds were either asked the smoking and drinking questions in the main interview, or in the self-completion booklet for young people, at the interviewers’ discretion. Variables marked here with ‘$’ are combined with data from the self-completion booklet in the final dataset to allow analysis of all aged 16+.
See the separate derived variable listing for details of these combined variable names.
$^2$ Question wording was revised in 2008.

* = not on the datafile
IF WineQ = Bottle or parts of bottle OR Both bottles and glasses
[WQBI]§
INTERVIEWER: Code the number of 125ml glasses usually drunk from the bottle by the respondent.
E.g. If they usually drank half a bottle, code 3 glasses.
Press <F9> for more information.

Interviewer information screen:

<table>
<thead>
<tr>
<th>Quantity</th>
<th>Number of Glasses</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 750ml bottle</td>
<td>6 glasses.</td>
</tr>
<tr>
<td>½ 750ml bottle</td>
<td>3 glasses.</td>
</tr>
<tr>
<td>1/3 750ml bottle</td>
<td>2 glasses.</td>
</tr>
<tr>
<td>¼ 750ml bottle</td>
<td>1.5 glasses.</td>
</tr>
<tr>
<td>1 litre</td>
<td>8 glasses.</td>
</tr>
<tr>
<td>½ litre</td>
<td>4 glasses.</td>
</tr>
<tr>
<td>1/3 litre</td>
<td>2.5 glasses.</td>
</tr>
<tr>
<td>¼ litre</td>
<td>2 glasses.</td>
</tr>
</tbody>
</table>

If respondent has answered in bottles or litres, convert to glasses using the information provided on the screen.

For example, if a respondent said they usually share a bottle with one other person and they share it equally, code 3 glasses.

Small bottles (e.g. 250ml, 175ml) should not be coded here – record them as glasses.
Press <Esc> to close.

Range: 1.0..97.9

IF WineQ = Glasses OR Both bottles and glasses

Prescribed Medicines and Drug Coding

ASK ALL SAMPLE B 16+

[MedCNJD]
Are you taking or using any medicines, pills, syrups, ointments, puffers or injections prescribed for you by a doctor or a nurse?
1 Yes
2 No

IF (MedCNJD = Yes) AND ([MEDCINBP=yes] OR [MedHeart=yes]) THEN

[MedIntro]*
Could I take down the names of the medicines, including pills, syrups, ointments, puffers or injections, prescribed for you by a doctor?
INTERVIEWER: Include the contraceptive pill
1 Continue

Questions MedBI-MedBIC repeated for up to 22 drugs

IF (MedCNJD = Yes) AND ([MEDCINBP=yes] OR [MedHeart=yes]) THEN

[MedBI] (Variable names: Medbi01 – Medbi22)
Enter name of drug number (number).
Ask if you can see the containers for all prescribed medicines currently being taken.
If Aspirin, record dosage as well as name.
Text: maximum 50 characters

[YTake] (Variable names: MedBIA-MedBIA22)
Do you take (name of drug) because of a heart problem, high blood pressure or for some other reason?
1 Heart problem [YTake011-YTake221]
2 High blood pressure [YTake012-YTake222]
3 Other reason [YTake013-YTake223]

[MedBIA] (Variable names: MedBIAB-MedBIA22B)
Have you taken or used (name of drug) in the last 7 days?
1 Yes
2 No

[MedBIC]*
INTERVIEWER CHECK: Any more drugs to enter?
1 Yes
2 No

* = not on the datafile
Blood Pressure

ALL SAMPLE B Age 16+ (EXCEPT PREGNANT WOMEN)

I would now like to measure your blood pressure, which is an important indicator of cardiovascular health. Blood pressure is measured using a monitor and a cuff which I will secure around your right arm. When we are ready to begin I'll press the start button and the cuff will inflate and deflate automatically three times. You will feel some pressure on your arm when the cuff inflates.

Once I have completed the recordings I will tell you what they are

\[
\text{[BPConst]}
\]
INTERVIEWER Does the respondent agree to blood pressure measurement?
1 Yes, agrees
2 No, refuses
3 Unable to measure BP for reason other than refusal

IF BPConst = Yes, agrees THEN
\[
\text{[ConSubX]}
\]
May I just check, have you eaten, smoked, drunk alcohol or done any vigorous exercise in the past 30 minutes?
CODE ALL THAT APPLY.
1 Eaten
2 Smoked
3 Drunk alcohol
4 Done vigorous exercise
5 (None of these)

\[
\text{[OMRONNo]}
\]
INTERVIEWER RECORD BLOOD PRESSURE EQUIPMENT SERIAL NUMBER: Range:001..999

\[
\text{[CufSize]}
\]
SELECT CUFF AND ATTACH TO THE RESPONDENT'S RIGHT ARM. ASK THE RESPONDENT TO SIT STILL FOR FIVE MINUTES.
RECORD CUFF SIZE CHOSEN.
1 Small adult (17-25 cm)
2 Adult (22-32 cm)
3 Large adult (32-42 cm)

\[
\text{[BPReady]*}
\]
INTERVIEWER: ONCE RESPONDENT HAS SAT STILL FOR 5 MINUTES YOU ARE READY TO TAKE THE MEASUREMENTS.
Check that the MODE selector is set to AVG (average) and P-SET Volume (pressure setting) is set to auto
ENSURE THE [READY TO MEASURE] SYMBOL IS SHOWING BEFORE PRESSING THE [START] BUTTON TO START THE MEASUREMENTS.

* = not on the datafile
Sys to BPWait repeated for up to 3 blood pressure measurements and average is also recorded

[Sys] (variable names sys1om – sys4om)
INTERVIEWER: Take three measurements from right arm.
Enter (AVERAGE/FIRST/SECOND/THIRD) SYSTOLIC READING (mmHg).
If reading not obtained, enter 999.
If you are not going to get any BP readings at all, enter 996
Range:001..999

[Dias] (variable names dias1om – dias4om)
Enter (AVERAGE/FIRST/SECOND/THIRD) DIASTOLIC READING (mmHg).
If reading not obtained, enter 999.
Range:001..999

[Pulse] (variable names pulse1om – pulse4om)
Enter (AVERAGE/FIRST/SECOND/THIRD) PULSE READING (bpm).
If reading not obtained, enter 999.
Range:001..999

[MAP] (variable names map1om – map4om)
If no full measurement obtained (at least one ‘999’ reading in all 3 sets of 3 readings) THEN
[YNoBP]
Enter reason for not recording any full BP readings
1 Blood pressure measurement attempted but not obtained
2 Blood pressure measurement not attempted
3 Blood pressure measurement refused

* = not on the datafile
ADVICE TO RESPONDENTS ON BLOOD PRESSURE READING:

**IF Systolic reading >179 OR Diastolic reading >114 THEN**
TICK THE CONSIDERABLY RAISED BOX AND READ OUT TO RESPONDENT: Your blood pressure is high today. Blood pressure can vary from day to day and throughout the day so that one high reading does not necessarily mean that you suffer from high blood pressure. You are strongly advised to visit your GP within 5 days to have a further blood pressure reading to see whether this is a once-off finding or not.

**IF Systolic reading 160-179 OR Diastolic reading 100-114 THEN**
TICK THE RAISED BOX AND READ OUT TO RESPONDENT: Your blood pressure is a bit high today. Blood pressure can vary from day to day and throughout the day so that one high reading does not necessarily mean that you suffer from high blood pressure. You are advised to visit your GP within 2-3 weeks to have a further blood pressure reading to see whether this is a once-off finding or not.

**IF Systolic reading 140-159 OR Diastolic reading 85-99 THEN**
TICK THE MILDLY RAISED BOX AND READ OUT TO RESPONDENT: Your blood pressure is a bit high today. Blood pressure can vary from day to day and throughout the day so that one high reading does not necessarily mean that you suffer from high blood pressure. You are advised to visit your GP within 3 months to have a further blood pressure reading to see whether this is a once-off finding or not.

**IF Systolic reading <140 AND Diastolic reading <85 THEN**
TICK THE NORMAL BOX AND READ OUT TO RESPONDENT: Your blood pressure is normal.

**Waist Circumference**

ASK ALL SAMPLE B 16+ (EXCEPT PREGNANT WOMEN)

[WHMod]*

INTERVIEWER: NOW FOLLOWS THE WAIST CIRCUMFERENCE MEASUREMENT.
ENTER '1' TO CONTINUE

1 Continue

[WIntro]

Now I would like to measure the circumference of your waist. The waist circumference is a measure of the distribution of body fat, provides important additional information and is a predictor of health risk. You will need to be standing for this measurement. I will ask you to identify where on your body your tummy button is, and I will then ask you to place this measuring tape around your waist, over your clothing, at the level of your tummy button. Once the tape measure is level around your waist I will ask you to take a normal breath and then breathe out. I will then record the measurement. I will take at least two measurements. Are you willing for me to take this measurement?

INTERVIEWER CODE:

1 Respondent agrees to have waist measured
2 Respondent refuses to have waist measured
3 Unable to measure waist for reason other than refusal

IF (WIntro=Agree) THEN

Repeat for up to three waist measurements.
Third measurement taken only if difference between first two measurements is greater than 3cm.

[Waist] (variable names Waist1 to Waist3)

INTERVIEWER: MEASURE THE WAIST CIRCUMFERENCES TO THE NEAREST MM.
ENTER (FIRST/SECOND/THIRD) WAIST MEASUREMENT IN CENTIMETRES (Remember to include the decimal point).
IF MEASUREMENT NOT OBTAINED, ENTER '999.9'.
Range: 45.0..1000.0

IF WIntro in [1..3] THEN

(computed from WIntro, Waist)

[RespW]

Response to waist measurements:
1 Both measurements obtained
2 One measurement obtained
3 Refused
4 Not tried

IF (Waist1 = 999.9) OR (Waist2 = 999.9) THEN

[YNoW]

ENTER REASON FOR NOT GETTING BOTH MEASUREMENTS
1 Both measurements refused
2 Attempted but not obtained
3 Measurement not attempted

* = not on the datafile

112
IF NO OR ONE MEASUREMENT OBTAINED ((WHIntro=Refuse OR Unable) OR Only one waist measurement obtained) THEN

[WPNABM]
GIVE REASON(S) (FOR REFUSAL/WHY UNABLE/FOR NOT OBTAINING MEASUREMENT/FOR NOT ATTEMPTING/WHY ONLY ONE MEASUREMENT OBTAINED). CODE ALL THAT APPLY.

ASK ALL SAMPLE B 16+
[CASIInt]*
I now have some questions for you to answer yourself, on the computer. The questions cover topics to do with depression, anxiety and self-harm. When you have finished the computer will lock away your answers and no one else will be able to see them, including me. Instructions about which keys to press will be shown on the computer screen. If you press the wrong key I can tell you how to change the answer. When you get to the end, please tell me and we will complete the rest of the interview with me asking you questions again.

INTERVIEWER: Only where necessary, ask respondent if they would like you to read the questions out to them.
Please code whether the self-completion is accepted or not:
1 Self-completion accepted by respondent
2 Self-completion to be read out by interviewer
3 Self-completion refused

If CASIInt=3 (refused) [SCompNH]
INTERVIEWER: Record why the computer self-completion was not completed.
CODE ALL THAT APPLY
1 Eyesight problems [SCompNH1]
2 Language problems [SCompNH2]
3 Reading/writing/comprehension problems [SCompNH3]
4 Doesn't like computers [SCompNH4]
5 Respondent bored/fed up/tired [SCompNH5]
6 Questions too sensitive/invasion of privacy [SCompNH6]
7 Too long/too busy/taken long enough already [SCompNH7]
8 Refused to complete self-completion (no other reason given) [SCompNH8]
9 Other (SPECIFY) [SCompNH9]

{If CASI NOT REFUSED} [CASIInst]*
INTERVIEWER: If the respondent is happy to do the self-completion themselves - hand over the computer now. Otherwise keep interviewing.

[DashInt]*
The next questions are for you to answer yourself. They all ask you to choose an answer from those listed on the screen. Please choose your answer by pressing the number next to the answer you want to give and then press the large key with the red sticker (the enter key). You don't have to answer every question - if you want to skip one the interviewer will tell you how to do this. Please ask the interviewer if you want any help. Now press 1 and then the key with the red sticker to continue.

[AnxInt]*
The next few questions ask about how you've been feeling lately and if you've been feeling depressed, worried or anxious.
Press 1 and then the key with the red sticker to continue.

* = not on the datafile
**Anxiety**

[J1SC] Have you been feeling anxious or nervous in the past month?
1 Yes, anxious or nervous
2 No

IF J1SC = No THEN

[J2SC] In the past month, did you ever find your muscles felt tense or that you couldn't relax?
1 Yes
2 No

ALL

[J3SC] Some people have phobias; they get nervous or uncomfortable about specific things or situations when there is no real danger. For instance they may get extremely anxious when in confined spaces, or they may have a fear of heights. Others become nervous at the sight of things like blood or spiders. In the past month have you felt anxious, nervous or tense about any specific things when there was no real danger?
1 Yes
2 No

IF RESPONDENT HAS EXPERIENCED ANXIETY AND PHOBIA (IF J1SC=Yes AND J3SC=Yes) OR (J2SC=Yes AND J3SC=Yes)) THEN

[J5SC] In the past month, when you felt anxious/nervous/tense, was this always brought on by the phobia about some specific situation or thing or did you sometimes feel generally anxious/nervous/tense?
1 Always brought on by phobia
2 Sometimes generally anxious

IF J5SC = Sometimes generally anxious THEN

[J6SC] The next questions are concerned with general anxiety/nervousness/tension only. On how many of the past seven days have you felt generally anxious/nervous/tense?
1 4 days or more
2 1 to 3 days
3 None

IF RESPONDENT HAS EXPERIENCED GENERAL ANXIETY ONLY (IF (J1SC=Yes AND J3SC=No) OR (J2SC=Yes AND J3SC=No)) THEN

[J7SC] On how many of the past seven days have you felt generally anxious/nervous/tense?
1 4 days or more
2 1 to 3 days
3 None

* = not on the datafile
IF RESPONDENT HAS EXPERIENCED ANXIETY FOR AT LEAST 1 DAY (IF J6SC IN [1..2] OR J7SC IN [1..2]) THEN

[J8SC]
In the past week, has your anxiety/nervousness/tension been:
RUNNING PROMPT
1 ...very unpleasant
2 ...a little unpleasant
3 ...or not unpleasant?

[J9SC]
In the past week, when you've been anxious/nervous/tense, have you had any of the symptoms shown below?
1 Heart racing or pounding
2 Hands sweating or shaking
3 Feeling dizzy
4 Difficulty getting your breath
5 Butterflies in stomach
6 Dry mouth
7 Nausea or feeling as though you wanted to vomit

IF RESPONDENT HAS EXPERIENCED ANY OF THE SYMPTOMS LISTED IF J9SC=Yes) THEN

[J9A...]
Which of these symptoms did you have when you felt anxious/nervous/tense?
CODE ALL THAT APPLY
1 Heart racing or pounding
2 Hands sweating or shaking
3 Feeling dizzy
4 Difficulty getting your breath
5 Butterflies in stomach
6 Dry mouth
7 Nausea or feeling as though you wanted to vomit

IF RESPONDENT HAS EXPERIENCED ANXIETY FOR AT LEAST 1 DAY (IF J6SC IN [1..2] OR J7SC IN [1..2]) THEN

[J10SC]
Have you felt anxious/nervous/tense for more than 3 hours in total on any one of the past seven days?
1 Yes
2 No

[J11SC]
How long have you had these feelings of general anxiety/nervousness/tension as you described?
1 Less than 2 weeks
2 2 weeks but less than 6 months
3 6 months but less than 1 year
4 1 year but less than 2 years
5 2 years or more
Depression

[G1SC]  
Almost everyone becomes sad, miserable or depressed at times.  
Have you had a spell of feeling sad, miserable or depressed in the past month?  
1 Yes  
2 No  

[G2SC]  
During the past month, have you been able to enjoy or take an interest in things as much as you usually do?  
1 Yes  
2 No/no enjoyment or interest  

IF G1SC = Yes THEN  

[G4SC]  
In the past week have you had a spell of feeling sad, miserable or depressed?  
1 Yes  
2 No  

IF G2SC = No THEN  

[G5SC]  
In the past week have you been able to enjoy or take an interest in things as much as usual?  
1 Yes  
2 No/no enjoyment or interest  

IF (G4SC = Yes) OR (G5SC = No/no enjoyment or interest) THEN  

[G6SC]  
Since last [Sunday / Monday / Tuesday / Wednesday / Thursday / Friday / Saturday] on how many days have you felt [depressed or unable to take an interest in things / sad, miserable or depressed / unable to enjoy or take an interest in things]?  
1 4 days or more  
2 1 to 3 days  
3 None  

[G7SC]  
Have you felt [depressed or unable to take an interest in things / sad, miserable or depressed /unable to enjoy or take an interest in things] for more than 3 hours in total (on any day in the past week)?  
1 Yes  
2 No  

[G9SC]  
In the past week when you felt sad, miserable or depressed/unable to enjoy or take an interest in things, did you ever become happier when something nice happened, or when you were in company?  
1 Yes, at least once  
2 No  

* = not on the datafile
How long have you been feeling sad, miserable or depressed/unable to enjoy or take an interest in things as you have described?

1. Less than 2 weeks
2. 2 weeks but less than 6 months
3. 6 months but less than 1 year

Self Harm

[DSHIntro]*
There may be times in everyone’s life when they become very miserable and depressed and may feel like taking drastic action because of these feelings
1 Continue

[DSH4SC]
Have you ever made an attempt to take your life, by taking an overdose of tablets or in some other way?
1 Yes
2 No

IF DSH4SC = Yes THEN
[DSH4aSC]
When was this? Please tell us about the most recent time
1 In the last week?
2 In the last year?
3 Some other time?

ALL
[DSH5SC]
Have you ever deliberately harmed yourself in any way but not with the intention of killing yourself?
1 Yes
2 No

IF DSH5SC = Yes THEN
[DSH5aSC]
When was this? Please tell us about the most recent time
1 In the last week?
2 In the last year?
3 Some other time?

DISPLAY IF DSH4aSC = ‘in the last week’ OR ‘in the last year’ THEN
[DSHExit]*
The sorts of thoughts and feelings we have talked about here are very serious and it is important that you talk to someone, for example a doctor or The Samaritans, if you find yourself thinking them.

ASK ALL
[DashLeaf]*
INTERVIEWER: PLEASE HAND OVER THE USEFUL CONTACTS LEAFLET TO RESPONDENTS BEFORE CONTINUING. IF THE RESPONDENT APPEARS UPSET OR DISTRESSED THEN YOU MIGHT NEED TO GIVE THEM SOME TIME TO COMPOSE THEMSELVES BEFORE CARRYING ON WITH THE REST OF THE INTERVIEW.
Final

[BioEnd]*
Those are all the questions I wanted to ask you.
INTERVIEWER: MAKE SURE THE RESPONDENT HAS:
- COPIES OF THEIR CONSENT FORMS
- MEASUREMENT RECORD CARD
- USEFUL CONTACTS LEAFLET

[BioEnd2]*
INTERVIEWER: Before you leave make sure you have:
  1. Office copies of consent forms
  2. Labeled the samples
  3. Completed the dispatch note
  4. Included dispatch note in envelope with samples

INTERVIEWER: PRESS <Ctrl Enter> RETURN TO THE INDIVIDUAL SESSION TO COLLECT PHONE NUMBER BEFORE FINISHING OR TO OPEN ANOTHER BIOMODULE SESSION FOR THE NEXT RESPONDENT.

[EndReach]*
INTERVIEWER: End of questionnaire reached.
Press <1> and <Enter> to continue.
1 Continue

[Thank]*
INTERVIEWER: Thank respondent for his/her co-operation.
Then press <1> and <Enter> to finish.

Here are some questions for you to answer on your own.

We are interested in your honest answers.

We will not tell anyone what your answers are.

You do not have to answer all the questions. If you want to miss a question, please just leave it out and move to the next one.

Look at the instructions on the next page and read what to do.

Ask the interviewer for help if you do not understand a question or are not sure what to do.

Thank you for taking part in this survey
How to answer these questions

- Please read each question carefully
- All of the questions can be answered by putting a tick in the box next to the answer that applies to you like this

Yes  ✔️
No   ☐
General health over the last few weeks

Please read this carefully:
We should like to know how your health has been in general over the past few weeks. Please answer ALL the questions by ticking the box under the answer which you think most applies to you.

Thank you for answering these questions.
Please give the booklet back to the interviewer.
How to fill in this questionnaire

A Most of the questions on the following pages can be answered by simply ticking the box below or alongside the answer that applies to you. You do not have to answer every question.

Example:

Do you feel that you lead a healthy life?
- Tick ONE box
  - Very healthy life
  - Fairly healthy life
  - Not very healthy life
  - An unhealthy life

B On most pages you should answer ALL the questions but sometimes you will find an instruction next to the box you have ticked telling you to go to another question. By following the instructions carefully you will miss out questions which do not apply to you.

Example:

Tick ONE box

- Yes
- No

→ Go to Q4
→ Go to Q5
GENERAL HEALTH OVER THE LAST FEW WEEKS

Warwick-Edinburgh Mental Well-Being Scale (WEMWBS) © NHS Health Scotland, University of Warwick and University of Edinburgh, 2006, all rights reserved.
Please read this carefully:
The next questions ask about whether you, or anyone in your household, worry about being able to buy enough food. They ask whether you have enough money to buy the quantity of food your household needs, rather than whether you have enough money to eat a nutritious or balanced diet.

During the last 12 months, was there a time when:

**Q27** You were worried you would run out of food because of a lack of money or other resources?

- Tick ONE box
- Yes [ ] Go to Q28  
- No [ ] Go to Q30  

**Q28** You ate less that you thought you should because of a lack of money or other resources?

- Tick ONE box
- Yes [ ] Go to Q29  
- No [ ] Go to Q30  

**Q29** Your household ran out of food because of lack of money or other resources?

- Tick ONE box
- Yes [ ]  
- No [ ]  

EVERYONE PLEASE ANSWER

**Q30** And now a question about physical activity.

The government advises people to spend a certain amount of time doing moderate physical activity to help them stay healthy. This includes brisk walking, heavy gardening or any other activity that makes you breathe slightly faster than usual.

How much time per week do you think people your age are advised to spend doing this?

Please write in time (You can either write your answers in minutes, hours or both).

</tr>
</tbody>
</table>
And now some questions about physical activity

The government advises that young children of pre-school age who are capable of walking without help should spend a certain amount of time being physically active. This includes light or more energetic activities such as walking or skipping, riding a bike, and running and chasing games.

How much time per day do you think under fives who are able to walk are advised to spend doing this?

Please write in time (You can either write your answer in minutes, hours or both)

<table>
<thead>
<tr>
<th>Hours</th>
<th>Minutes</th>
<th>Do not have a child this age</th>
</tr>
</thead>
<tbody>
<tr>
<td>608-609</td>
<td>610-611</td>
<td>607</td>
</tr>
</tbody>
</table>

The government also advises that children and young people (aged 5 – 18) should spend a certain amount of time doing moderate physical activity to help them stay healthy. This includes bike riding, playground activities, swimming, playing tennis or any other activity that makes them breathe slightly faster than usual.

How much time per day do you think those aged 5-18 are advised to spend doing this?

Please write in time (You can either write your answer in minutes, hours or both)

<table>
<thead>
<tr>

Booklet for Young Adults

How to fill in this questionnaire

A  Most of the questions on the following pages can be answered by simply ticking the box below or alongside the answer that applies to you. You do not have to answer every question.

Example:

Do you feel that you lead a

Tick ONE box

Very healthy life  Fairly healthy life  Not very healthy life  An unhealthy life

B  Sometimes you are asked to write in a number or the answer in your own words. Please enter numbers as figures rather than words.

Example:

Write in no.  6

C  On most pages you should answer ALL the questions but sometimes you will find an instruction next to the box you have ticked telling you to go to another question. By following the instructions carefully you will miss out questions which do not apply to you.

Example:

Tick ONE box

Yes  →  Go to Q4

No  →  Go to Q5
SMOKING

The first few questions in the booklet ask about whether you smoke tobacco products.

This means tobacco products which you light and smoke and can include, for example, cigarettes or hand-rolling tobacco.

When answering these questions please do NOT include:
- cigarettes that contain no tobacco
- electronic cigarettes

Q1 Have you ever smoked a cigar or a pipe?

Tick ALL that apply

Yes – cigar

Yes – pipe

No

Go to Q2 ↓ 69-70

Q2 Have you ever smoked a cigarette?

Tick ONE box

Yes

Go to Q3 ↓ 71

No Go to Q7 on page 2 ➔

Q3 How old were you when you first tried smoking a cigarette, even if it was only a puff or two?

Write in how old you were then

Go to Q4 ↓ 72-74

Q4 Do you smoke cigarettes nowadays?

Tick ONE box

Yes

Go to Q6a ↓ 75

No Go to Q5 ↓

Q5 Did you smoke cigarettes regularly or occasionally?

Tick ONE box

Regularly, that is at least one cigarette a day

Occasionally

I never really smoked cigarettes, just tried them once or twice

Go to Q7 on page 2 ➔

CURRENT SMOKERS

Q6a About how many cigarettes a day do you usually smoke on weekdays?

Write in number smoked a day

Go to Q6b ↓ 77-79

Q6b And about how many cigarettes a day do you usually smoke at weekends?

Write in number smoked a day

Go to Q7 on page 2 ➔ 80-82

Q12  Can I just check, how old were you when you first tried an e-cigarette or vaping device?

Write in how old you were then  

Go to Q13  

Q13  And for approximately how long have you been using/did you use an e-cigarette or vaping device?

Please write in number of years and months. For example if 1 year and 4 months enter ‘1’ in years box and ‘4’ in months box. If less than 1 month enter ‘0’ in months box.

Go to Q14  

Q14  Can I just check, did you start regularly smoking tobacco cigarettes before first trying e-cigarettes/vaping devices?

Tick ONE box

Yes (started regularly smoking tobacco cigarettes before first trying e-cigarettes/vaping devices)

No (started regularly smoking tobacco cigarettes after first trying e-cigarettes/vaping devices)

Not applicable – never regularly smoked tobacco cigarettes

Go to Q15  

Q15  Are you regularly exposed to other people’s tobacco smoke in any of these places?

Please tick all boxes that apply

Go to Q16  

Q16  Does this bother you at all?

Tick ONE box

Yes

No

NOW GO TO THE QUESTIONS ON THE NEXT PAGE
DRINKING

Q17  Do you ever drink alcohol nowadays, including drinks you brew or make at home?

Tick ONE box

Yes  [ ]  Go to Q20  

No   [ ]  Go to Q18  

Q18  Just to check, does that mean you never have an alcoholic drink nowadays, or do you have an alcoholic drink very occasionally, perhaps for medicinal purposes or on special occasions like Christmas and New Year?

Tick ONE box

Very occasionally  [ ]  Go to Q20  

Never  [ ]  Go to Q19  

Q19  Have you always been a non-drinker or did you stop drinking for some reason?

Tick ONE box

Always a non-drinker  [ ]  Go to Q33 on page 12  

Used to drink but stopped  [ ]  

Q20  How old were you the first time you ever had a proper alcoholic drink – a whole drink, not just a sip?

Write in how old you were then  [ ]  Go to the next page  

SPARE 111-149
The next few questions are concerned with different types of alcoholic drink. Please tick the box underneath the answer that best describes how often you usually drank each of them in the last 12 months. For the ones you drank, write in how much you usually drank on any one day. EXCLUDE ANY NON-ALCOHOLIC OR LOW-ALCOHOL DRINKS, EXCEPT SHANDY.

**EXAMPLE**

A How often have you had this type of drink in the past year?

Tick ONE box

- Almost every day
- Five or six days a week
- Three or four days a week
- Once or twice a week
- Once a month
- Once every couple of months
- Once or twice in the last 12 months
- Never in the last 12 months

How much did you usually drink on any one day? WRITE IN NUMBER

- 2 Half-pints
- AND/OR Large cans or bottles
- AND/OR 1 Small cans or bottles

**NOW PLEASE ANSWER Q21-Q28**

Q21 Normal strength beer, lager, stout, cider or shandy (less than 6% alcohol) - exclude bottles/cans of shandy.

How often have you had this type of drink in the past year?

Tick ONE box

- Almost every day
- Five or six days a week
- Three or four days a week
- Once or twice a week
- Once a month
- Once every couple of months
- Once or twice in the last 12 months
- Never in the last 12 months

How much did you usually drink on any one day? WRITE IN NUMBER

- Half-pints
- AND/OR Large cans or bottles
- AND/OR Small cans or bottles

Go to Q22 on page 6 ➔
Q22  **Strong beer, lager, stout, cider (6% alcohol or more, such as Tennant’s Super, Special Brew)**

How often have you had this type of drink in the past year?

**Tick ONE box**

Almost every day  
Five or six days a week  
Three or four days a week  
Once or twice a week  
Once or twice a month  
Once every couple of months  
Once or twice in the last 12 months  
Never in the last 12 months

How much did you usually drink on any one day? WRITE IN NUMBER

Half-pints
AND/OR Large cans or bottles
AND/OR Small cans or bottles

Go to Q23

Q23  **Spirits or liqueurs, such as gin, whisky, rum, brandy, vodka, or cocktails**

How often have you had this type of drink in the past year?

**Tick ONE box**

Almost every day  
Five or six days a week  
Three or four days a week  
Once or twice a week  
Once or twice a month  
Once every couple of months  
Once or twice in the last 12 months  
Never in the last 12 months

How much did you usually drink on any one day? WRITE IN NUMBER

Glasses (count doubles as 2 singles)
Q24  Sherry or martini (including port, vermouth, cinzano) or Buckfast
How often have you had this type of drink in the past year?

Tick ONE box

Almost every day  
Five or six days a week  
Three or four days a week  
Once or twice a week  
Once or twice a month  
Once every couple of months  
Once or twice in the last 12 months  
Never in the last 12 months

How much did you usually drink on any one day? WRITE IN NUMBER

Glasses (count doubles as 2 singles)

Go to Q25

Q25  Wine (including babycham and champagne)
How often have you had this type of drink in the past year?

Tick ONE box

Almost every day  
Five or six days a week  
Three or four days a week  
Once or twice a week  
Once or twice a month  
Once every couple of months  
Once or twice in the last 12 months  
Never in the last 12 months

How much did you usually drink on any one day? WRITE IN NUMBER You can write in parts of a bottle, e.g. half a bottle
If you drink small bottles (e.g., 250ml or 175ml) enter the number of glasses you drank from the bottle

Large Glasses (250ml)
Standard Glasses (175ml)
Small Glasses (125ml)
Bottles (750ml)
Q26  Alcoholic soft drinks or ‘alcopops’ (such as WKD, Smirnoff Ice, Bacardi Breezer etc)

How often have you had this type of drink in the past year?

Please read this carefully:
The next questions ask about whether you, or anyone in your household, worry about being able to buy
enough food. They ask whether you have enough money to buy the quantity of food your household
needs, rather than whether you have enough money to eat a nutritious or balanced diet.

During the last 12 months, was there a time when:

Q59 You were worried you would run out of food because of a lack of money or other resources?

Tick ONE box

Yes  \( \rightarrow \) Go to Q60

No  \( \rightarrow \) Go to Q62

Q60 You ate less that you thought you should because of a lack of money or other resources?

Tick ONE box

Yes  \( \rightarrow \) Go to Q61

No  \( \rightarrow \) Go to Q62

Q61 Your household ran out of food because of lack of money or other resources?

Tick ONE box

Yes  \( \rightarrow \)

No  \( \rightarrow \)

EVERYONE PLEASE ANSWER

Q62 And now a question about physical activity.
The government advises people to spend a certain amount of time doing moderate physical activity
to help them stay healthy. This includes bike riding, swimming, playing tennis or any other activity
that makes them breathe slightly faster.
How much time per day do you think people your age are advised to spend doing this?

Please write in time (You can either write your answer in minutes, hours or both).

Hours

Minutes

NOW GO TO THE QUESTIONS ON THE NEXT PAGE ➤
Q63 Which of the following options best describes how you think of yourself?

Tick ONE box

- Heterosexual or Straight
- Gay or Lesbian
- Bisexual
- Other

Q64 How would you describe your gender identity?

Tick ONE box

- Man / Boy
- Woman / Girl
- In another way

If you would like to, please write in the other words you would use below:

We need your help with the Scottish Health Survey.

An interviewer from ScotCen will call at your address and will be able to explain more about the study. In the meantime, you can find out more at: [www.scottishhealthsurvey.org](http://www.scottishhealthsurvey.org)

Who is carrying out the study and why?
The Scottish Government has asked ScotCen Social Research to carry out the survey. The Scottish Government will use this information to help plan services and to identify inequalities in health.

The survey is used by other organisations, including:
- NHS Health Scotland have used the survey data to inform their work on monitoring and evaluating the measures taken to tackle problem drinking in Scotland.
- The British Heart Foundation have used the findings to help raise awareness of heart disease risk in Scotland.

A Company Limited by Guarantee Registered in England No. 4392418. A Charity in England and Wales (1091768) and Scotland (SC038454)
We interview around 6,000 people each year as part of the Scottish Health Survey. It’s an annual study that looks into the changing health and lifestyles of people living in Scotland.

Everything is done with voluntary co-operation and with full respect for your privacy (in accordance with the Data Protection Act 1998).

Key aspects of the survey include height and weight measurements, plus questions on topics such as physical activity, fruit and vegetable intake, and general health.

In recent years we found out that...

- Around 2 in 3 adults are overweight.
- The average man is about 5 foot 9 inches and roughly 13 stone and 6 pounds.
- The average woman is about 5 foot 4 inches and weighs around 11 stone and 5 pounds.
- Around 1 in 4 adults drink more than 14 units per week.
- Adults aged 16-24 are least likely to eat the recommended daily intake of fruit and veg.
- Around 3 in 5 adults meet the recommended weekly level of moderate or vigorous physical activity.
- Around 7 in 10 children are active at the recommended level.
- Around 3/4 of men and women have some form of cardiovascular disease.
- Children eat just under 3 portions of fruit and veg a day on average.
- One in six men and women say their health is ‘good’ or ‘very good’.
- Around 1 in 4 adults currently smoke.
- Around a fifth of adults currently smoke.

SHeS 2013-15 - Survey Leaflet, V1, 18 November 2016
Cruse Bereavement Care Scotland
Offers help, including a free counselling service, for bereaved people whatever their age, nationality or beliefs.
Phone: 0845 600 2227
www.crusescotland.org.uk

Parentline Scotland: Children 1st
Provides information and advice to anyone concerned about a child’s safety and to anyone caring for a child in Scotland.
Phone: 08000 28 22 33 - free
www.children1st.org.uk

Citizens Advice Scotland
Helps people resolve their legal, money and other problems by providing them with free information and advice. For local offices see the listings in your local phonebook or on the website.
Phone: 0808 800 9060 free from landline
www.cas.org.uk

Carers Scotland
Provides advice, information and support to carers.
Phone: 0808 808 7777

The Scottish Health Survey 2018
Useful Contacts

Local contacts:
A GP (General Practitioner): Your GP will be able to provide help and advice and can provide access to appropriate specialist services and local organisations.

There are also many local organisations providing a range of services including support groups, helplines and information. Details can be obtained from your GP, your local library, or they may be listed in the telephone directory.

The national organisations listed below may also be able to put you in touch with local groups:

NHS 24
Provides help and advice from a qualified nurse on a wide range of health problems and issues.
Phone: 111 - 24 hours a day, 7 days a week
www.nhs24.com

www.nhsinform.scot (phone: 0800 22 44 88) also provides information about health and conditions in Scotland.

For more information about healthy eating or physical exercise please see the Healthier Scotland website:
www.takelifeon.co.uk

For more information about stopping smoking please see the NHS Smokefree website:
www.smokefree.nhs.uk
Alzheimer Scotland
Provides support for people with dementia and for the people who care for them.
Phone: 0808 808 3000 - free 24 hour helpline
www.alzscot.org

Alcoholics Anonymous
