Notes

This worksheet contains one table.

Note number	Note text
Note 1	Where the year of purchase or transfer of the asset is unknown it has been defaulted to 2000, the start of the series.
Note 2	Areas may not sum to the Scotland total due to rounding.
Note 3	Assets where the year of ownership was unknown are taken to have the transfer year of 2000 in the time series
Note 4	Percentages may not sum to 100% due to rounding. Purchase prices have been adjusted to 2021 prices using the Gross fixed capital formation deflator series produced by the Office for National Statistics. This time series can be downloaded in Excel or csv format.
Note 5	Assets where area is recorded as zero/not available are recorded on the paper based General Register of Sasines as opposed to the Land Register. Area figures are not readily available for assets recorded on the General Register of Sasines and it has not been possible to find the area from another source.
Note 6	Assets for which an area figure is not applicable consist of a ferry, a small boat, a single car transporter and salmon fishing rights for a river
Note 7	Structure on land not owned are mostly semi-permanent in nature such as sheds or portacabins where use of the land has been agreed with the owner (formally or otherwise). Should the land itself be acquired by the group then this will be recategorised as land or land and building. Further information on how asset areas is recorded and classified is available in the accompanying User Guide.
Note 8	The 'Other' area category consists of two piers and two slipways.
Note 9	The Scottish Government Urban Rural Classification 2020 is assigned according to the address/location of the asset. Assets with large areas may straddle multiple classes of the Urban Rural Classification.
Note 10	Further information on the Scottish Government Urban Rural Classification 2020 can be accessed at this link.
Note 11	The Scottish Index of Multiple Deprivation 2020 classification is assigned according to the address/location of the asset. Assets with large areas may straddle multiple classes of the Index.
Note 12	Further information on the Scottish Index of Multiple Deprivation 2020 can be accessed at this link.
Note 13	Community groups can own multiple assets and may own assets in more than one local authority, Scottish Parliamentary Constituency or Region, or UK Parliamentary Constituency. Therefore, the sum of the number of groups may differ from the Scotland total
Note 14	Land area figures have been taken from the Office for National Statistics' Standard Area Measurements (2021) for Administrative Areas in the United Kingdom
